

Top Officers Of GOP Named For Convention

WASHINGTON (AP) — The Republican National Committee meets today to approve Sen. Thurston B. Morton of Kentucky and Gov. Mark Hatfield of Oregon as the top officers for the party's 1964 convention.

The convention arrangements committee named Morton permanent chairman Monday. He had no opposition.

Overcoming opposition from some backers of Sen. Barry Goldwater, R-Ariz., the committee combined the jobs of temporary chairman and keynote speaker and gave them to Hatfield.

Generally Morton is considered a moderate Republican. Hatfield, who usually is associated with the party's liberal wing, had been recommended for permanent chairman by the Republican Governor's Conference.

Neither man has openly supported any of the potential GOP presidential nominees.

Some Goldwater supporters had said they would fight any move to combine the job of temporary chairman — for which Hatfield had been ticked — and the post of keynote speaker, which was wide open after National Chairman William E. Miller withdrew from consideration.

After the committee voted 28 to 20 to combine the jobs and then picked Hatfield over Gov. Tim M. Babcock of Montana by an even wider margin, 28 to 10, spokesmen for Goldwater said they were satisfied.

Valve Delays Moonship Test

CAPE KENNEDY, Fla. (AP) — The first attempt to orbit an unmanned model of the Apollo moonship was postponed today to Thursday because of a frozen nitrogen valve in the ground support equipment.

The trouble occurred after the countdown on the giant Saturn I booster rocket had advanced to within an hour and 55 minutes of the scheduled launching time.

After wrestling unsuccessfully with the problem for nearly three hours, the National Aeronautics and Space Administration called off the shot for two days. The time is required to replace the faulty valve and check out the new system.

The valve is part of a system which pumps liquid nitrogen to cool an instrument package between the top of the rocket and the Apollo space craft.

Weather

By The Associated Press

West Upper Peninsula—Mostly fair this afternoon, high 60 to 65. Fair tonight, low in the 40s. Wednesday, generally fair and not much change in temperature, high 55 to 62.

East Upper Peninsula—Scattered thunderstorms this afternoon, becoming fair and a little cooler tonight. High this afternoon 64 to 72, low tonight in the 40s. Wednesday, fair and a little cooler, high 58 to 64.

Lower Michigan—Cloudy and a little warmer with scattered showers and thunderstorms generally ending this evening. Becoming partly cloudy and cooler late tonight. Wednesday, fair and a little cooler. High this afternoon 79 to 85, low tonight 47 to 53, high Wednesday 72 to 77.

Highest temperature Monday 79, lowest 54. Highest temperature one year ago today 71, lowest 45.

Highest temperature this date since 1872, 92 in 1944, lowest 36 in 1913.

The sun sets today at 8:25 p. m., and rises Wednesday at 5:05 a. m.

Revisions May Spur Passage Of Rights Bill

WASHINGTON (AP) — Senate leaders plan to introduce today the package of amendments they are counting on to win passage of a revised civil rights bill.

Republican Leader Everett M. Dirksen announced Monday after a fifth and final GOP conference on the proposed changes that they would be ready for introduction late today—the 64th day of Senate debate on civil rights.

He also predicted that the votes will be available to shut off a Southern filibuster against civil rights legislation. "I believe we can get cloture," he said. "And I think we have to have cloture now."

Dirksen said the changes will be discussed thoroughly and ample time will be allowed for rebuttal by Southern senators, who already have pronounced the package completely unacceptable.

Some senators have said an attempt will be made the second week in June to get the two-thirds vote needed to invoke

cloture and shut off the Dixie oratory that has blocked action on the House-passed bill.

Dirksen said this may be a little early.

He noted that a jury trial amendment has been before the Senate for three weeks without a final vote.

This issue must be decided before the leaders' amendment package can be put before the Senate. Dirksen said a consensus had not been reached yet on the best way to handle the jury trial question.

Many senators regard the floor discussion as a marking-time operation until the showdown—cloture—comes in June.

Dirksen said some additional language modifications were accepted as a result of the Republican caucuses on the bill, but that the package as disclosed last week remained pretty much intact.

Some GOP senators said after the session they believed that chances for passage of the bill had improved, but others voiced dissatisfaction.

More Tax Cuts Seen In Future

WASHINGTON (AP) — The administration's long-range plans call for a cut in excise taxes in 1966 and another reduction in income taxes the following year, informed sources said today.

They said there is a strong possibility President Johnson will announce this tentative timetable during next fall's presidential campaign.

There have been a few public hints of further tax revision. On April 28, Johnson said he could "see another tax cut a few years down the road" if the \$12-billion income tax reduction enacted this year stimulated the economy into providing enough revenue to balance the budget.

Opposition Expected

There are signs that the administration would consider clipping almost every category of excise taxes, although there

may be both congressional and administration opposition to trimming some earmarked taxes, such as gasoline and vehicle taxes used for federal-state road programs.

In February, Secretary of the Treasury Douglas Dillon said at a news conference that reductions in excise taxes could come in 1965, but he indicated that such cuts might not be pushed until 1966 or later.

During Senate consideration of the tax cut bill some senators demanded reduction in excises along with the income tax reduction. Proponents of the tax reduction agreed then to future hearings on the excise taxes.

Tough Target Admitted

Excise levies cover a wide variety of products and services: cosmetics, jewelry, furs, telephone tolls, automobiles, gasoline, theater admissions, sporting goods, liquor and cigarettes.

These levies are expected to provide \$14.6 billion in revenue during the fiscal year which begins July 1—an increase of \$3 billion since 1960.

Proposals for further revisions in income tax rates obviously would be timed to coincide with the first balanced budget since 1960. Treasury officials talk about balancing the budget in fiscal 1967, which begins July 1, 1966, although they admit this is a tough target.

A dramatic improvement in federal finances obviously would improve the chances of persuading Congress to reduce taxes further.

Blaze Halted; 40 Homes Lost

PLYMOUTH, Mass. (AP) — Forestry officials said today the forward progress of a forest fire which pushed out of the Myles Standish State Forest has been halted.

John Lambert, chief forest ranger, said the fire would be controlled in every sector today as long as favorable weather conditions prevail.

At the height of the blaze it threatened to sweep through the Cape Cod Canal, about eight miles away.

Winds which had gusts to 40 m.p.h. Monday receded to 10-20 m.p.h., giving 300 fire fighters an opportunity to reduce the five-mile front of burning woods and fields.

The fire has destroyed an estimated 40 houses and summer cottages, forced 400 residents to flee and ruined the southeastern edge of the 12,000-acre state forest and recreation area.

No serious injuries have been reported.

Supplies Dropped To Anti-Castro Forces In Cuba

FORT LAUDERDALE, Fla. (AP) — A Cuban exile organization described today in a copyright story in the Pompano Beach Sun-Sentinel how it dropped supplies, including a complete field hospital unit, to anti-Castro guerrillas in Cuba.

Manuel Fernandez, a member of the 30th of November Movement of the International Anti-Communist Brigade, said the supply drop took place Monday morning.

Fernandez told Jack Hord, the Sun-Sentinel city editor, the plane took off from south Florida, penetrated the Cuban defense radar, dropped the supplies and then headed for Santiago de Cuba.

There, according to the exile, they dropped 150,000 leaflets telling the people of the city that liberation was on its way.

Court Accepts GOP Plan To Redistrict Legislature

Several Hurt In Cambridge Racial Melee

CAMBRIDGE, Md. (AP) — One National Guardsman was shot and three others were injured Monday night in a new flareup between integrationist demonstrators and troops using bayonets and tear gas to disperse them.

State police said several demonstrators also were injured in the clash as bullets, bricks and bottles whizzed through the air in the city's Negro district.

Hundreds of whites milled along the edge of the district, heckling guardsmen and shouting taunts at integrationists across the street.

Further disorder was averted when Brig. Gen. George M. Gelston clamped a curfew on the town and guardsmen moved shoulder to shoulder down the main street to clear it of spectators. Ironically named Race Street, it divides the Negro section of about 4,000 from the 8,000 white population.

None of Monday night's injuries was described as serious, but the clash was the third outbreak in two weeks and the most serious in nearly a year. The guard was ordered into Cambridge by Gov. J. Millard Tawes last summer after a series of shootings and arsons. It has been there since.

In the latest eruption, a Negro guardsman was wounded in the left shoulder by a small-caliber bullet. Another, also Negro, suffered a burned hand when a grenade he was holding exploded.

A plastic fragment from the grenade hit the gas mask of an officer, cutting his face. A rock hit a fourth serviceman, possibly fracturing an arm.

Cairo Papers Praise Soviets

CAIRO (AP) — Egyptian newspapers praised today the new Arab-Soviet "Socialist understanding" reached on Soviet Premier Khrushchev's visit.

Editorials in the leading morning newspapers boasted of Soviet support for Arab policies. But most comments glossed over the Soviet promise of \$277 million in new credits.

The lack of expressions of gratitude for Soviet aid was attributed by Western diplomats to the Arabs attitude that they are entitled to economic aid from the major powers whether colonial or otherwise, to compensate for losses under colonial rule.

A major theme in the press comment on the joint Soviet-Egyptian communique appeared to be that President Gamal Abdel Nasser's neutralist stand is unchanged.

It appeared to foreign observers that Khrushchev gained Nasser's commitment to line up Soviet supporters in Africa and Asia for the inevitable clash with the Chinese over admitting the Soviet Union to the second Asian-African conference next year.

Gunman Hunted As Key Man In Paris Kidnaping

PARIS (AP) — A gunman, wanted for the slaying of a policeman, was sought today as the key man of the Dassault kidnaping.

Detectives said the leader of the four-man gang was Jacques Pierre Casanova, 36, who shot down a Paris policeman during a holdup last July. He is also wanted for at least a dozen armed robberies in the Paris region.

Three other members of the kidnap gang were arrested on Sunday at or near the farmhouse where Mrs. Marcel Dassault, 63, wife of a leading aircraft manufacturer, had been held for 35 hours.

PERUVIAN POLICEMEN toss tear gas bombs towards rioting spectators in a stadium at Lima, Peru, causing a jam for the exits blamed for the killing of 328 persons. Locked gates blocked escape and hundreds were trampled in the surge of the crowd of 45,000. (AP Wirephoto via radio from Lima.)

Romney Office Intruder Gets Sanity Hearing

LANSING (AP) — A slow, laborious sanity hearing was to resume today for Charles P. English, the man who tried to force his way into Gov. George W. Romney's private office May 1.

Romney and two Lansing psychiatrists were among the witnesses at the hearing which lasted late into the night Monday. Romney recalled a statement he made at the time, saying he felt English meant him no physical harm. The psychiatrists who examined English said he was mentally ill.

English, 38, a former resident of Miami, Fla., and Bogota, Colombia, carried a pistol in his attaché case and a knife in his pocket when he invaded the governor's office.

The hearing before Ingham County Probate Judge James T. Kallman went well beyond its allotted time Monday because of English's insistence on conducting his own defense, said prosecutor Leo Farhat.

Farhat quoted Dr. Byron Casey, head of the psychiatric unit at St. Lawrence Hospital here, as saying English was a paranoid schizophrenic — a psychotic disease. Casey and Dr. David Asselin, also on the St. Lawrence staff, said English suffered from delusions.

Train Held Up By Housewives

GRAND RAPIDS (AP) — Two Chesapeake & Ohio trains were delayed about 20 minutes on outbound runs from here today by some 40 housewives protesting what they called the plight of their railroad worker husbands.

Some 15 women resisted efforts of police to move them off the tracks at one C&O crossing on the city's southeast side.

In suburban Grandville some 25 women gave up a try to block a Chicago-bound train when two of their number were arrested for obstructing a police officer.

No one was reported injured, but several women on the southeast blockage had to be forcefully restrained from returning to the tracks after extra officers were summoned.

Today's Chuckle

When you buy something for a song, look out for the accompaniment.

Lima, Peru, Riot Death Toll 328

LIMA, PERU (AP) — Feelings ran high in the Peruvian capital today and police were on the alert for more disorders in the wake of Sunday's bloody finale to a soccer game.

Police announced an official toll of 328 dead in the panic after police fired tear gas to check a riot in Lima's National Stadium.

The police said 122 of the victims had not been identified.

It was the sports world's worst disaster, and the International Soccer Federation, with headquarters in Zurich, Switzerland, asked the Peruvian association for detailed information. The rioters were protesting a referee's decision against the

Peruvian team in a Peru-Argentina pre-Olympic match.

The police used tear gas again Monday to break up a small demonstration by students in front of San Marcos University. The police said inflammatory speeches were being made.

Police reinforcements repelled a Lima mob headed toward the home of Commander Jorge de Asumbuja, whom they accused of ordering tear gas shells fired into the crowd pouring onto the soccer playing field.

Asumbuja said none of the gas grenades was fired into the stands. He blamed locked exits for the mass suffocation and trampling of the victims.

Argentina was leading 1-0 when Peru scored a goal on an accidental kick by an Argentine player. Referee Eduardo Pazos of Uruguay nullified the point because of a foul.

Fighting broke out among some of the 45,000 fans and police escorted Pazos and the players from the field. Pazos declared Argentina the victor.

As portions of the mob surged toward the playing field, police fired tear gas into the crowd.

In an attempt to escape the choking fumes, the mob surged toward exit gates, locked to keep non-paying youths from sneaking in to watch the game.

Homes Wrecked By Mob Of 100 In Philadelphia

PHILADELPHIA (AP) — About 100 men, swinging clubs, axes and sledgehammers, swept through eight houses in a non-union project near Independence Hall Monday, causing \$15,000 damage.

Roy Fuiman, the developer, who made the damage estimate, said the gang had raced through in five minutes, breaking windows and frames, ripping out railings and rainspouts, and chopping holes in ceilings and walls.

Six men were hurt while trying to flee.

Fuiman told police he had been warned last weekend there would be trouble.

Police Lt. Michael Lovein of the labor squad said members of the AFL-CIO Building Trades Council had picketed the project last March.

Balance Grows

LANSING (AP) — The State Treasury took in \$94 million last week, and paid out \$20.9 million last week, reports State Treasurer Sanford Brown. This leaves a balance in all funds of \$211.18 million.

Decision Timed To Link With 1964 Election

LANSING (AP) — The Michigan Supreme Court, in a sudden burst of action after weeks of waiting and indecision, today adopted a Republican-sponsored plan for redistricting the State Legislature.

Two Democratic members of the court — Justices Otis Smith and Paul Adams — created the decisive majority by joining three Republican justices who had voted earlier to accept the plan.

Based On Population

Smith, in a three-page opinion, said the pressure of time to prepare for the 1964 elections was the reason for his decision to adopt a plan immediately, and wait no longer for "guidance" from the U. S. Supreme Court. Adams concurred with Smith in a short separate opinion.

The five-member court majority thus created held that the so-called "Hanna-Brucker Plan" for legislative apportionment, drafted by GOP members of the Legislative Apportionment Commission, "most accurately complies" with the State Constitution.

The constitution provides for a Senate of 38 members distributed on an 80 per cent population, 20 per cent area basis, and a 110-member House, of districts based roughly on population.

'Guidelines' Awaited

The issue which had held up action — and on which a U. S. Supreme Court ruling had been awaited — is whether any factor other than population could be used in apportioning a two-house legislature.

Smith and Adams had taken the position in earlier opinions that the state court should await the establishment of "guidelines" on this point by the U.S. court.

Smith made it clear in today's opinion that his concern for allowing enough time for a legal challenge to a plan, and providing for an orderly election, was an uppermost concern.

"Time no longer permits the luxury of anticipating either when or what the Supreme Court of the United States will decide," wrote Smith.

"What is before us is a more immediate and practical necessity. Having waited in good faith this long for further direction, I now take this action in the interest of orderly processes by concurring in the results reached by Justice Dethmers."

The three Republican members of the court, Justices John Dethmers, Harry Kelly and Michael O'Hara, ruled earlier the Republican plan should be accepted and three plans submitted by Democratic members of the Apportionment Commission rejected because they did not comply with the State Constitution.

'Equal Protection' Hazy

The other three Democratic members of the court, Chief Justice Thomas Cavanagh, and Justices Theodore Souris and Eugene Black, did not issue opinions today.

But Cavanagh and Souris earlier ruled that a Democratic-sponsored plan should be adopted. Black did not rule on any of the plans before the court.

In his opinion, Smith said he did not agree with all of the reasons cited by the Republican justices for adopting the GOP apportionment plan. He said, however, he does believe this plan complies most accurately with the State Constitution, which, he said, "should surprise no one."

On the question of whether the plan met the demands of the "equal protection" clause of the 14th Amendment to the U. S. Constitution, Smith said he would reserve judgment.

"Nobody knows, at this writing, what the equal protection clause requires in the makeup of a bicameral legislature of a state," he said.

This is the issue on which the state high court has been waiting for the U. S. Supreme Court

Invite Public To Meet Candidates

The public is invited to meet the candidates for the Escanaba Area School Board at 8 p. m. on Thursday, June 4, at the Carnegie Library.

The meeting has been arranged by Mrs. Earl Owen, Voter's Service chairman of the Escanaba League of Women Voters. Mrs. Owen will be assisted by Mrs. Sherwood Trotter, Mrs. Marvin Marshall, and Mrs. Catherine Locke.

The questions to be answered

by the candidates, equal time being given to each candidate.

What, in your own words, is the function of the School Board?

What do you feel you can contribute to public education as a School Board member?

Do you feel that certain aspects of the Escanaba Area school program need more or less emphasis, such as academic, vocational, guidance, physical fitness, fine arts, special education, or other?

Do you have suggestions as to how your recommendations could be carried out?

Questions written on slips provided by the League will also be answered at the meeting. Coffee will be served after the program.

C. V. Bowman Dies Monday

Carl V. Bowman, 60, of Rte. 1 Gladstone (Flat Rock) died at 5:45 p. m. Monday at his home.

Mr. Bowman was born in Ensign Nov. 6, 1903, and was never married. He was employed as a chef on the ore boats until his retirement three years ago.

He had been a resident of the Flat Rock area the past 28 years. Mr. Bowman was a member of Covenant Mission Church of Gladstone and the North Star Lodge and the ABS (Able Bodied Seamen's Association).

Surviving are four sisters, Mrs. Edwin Dahlin of Escanaba, Mrs. Andrew Sundberg of Ensign, Mrs. Gunnar Swanson of Palatine, Ill., and Mrs. Reginald Piron of Wells, and a brother, John Alfred of Palatine.

The body will lie in state at the Anderson Funeral Home Thursday from 4 to 9:30 p. m. and funeral services will be Friday at 1:30 p. m. from the funeral home with Rev. Albert Borna of Gladstone officiating, assisted by Rev. Karl J. Hammar. Burial will be in the family lot in the Bark River Cemetery.

Wheat Program Signs Up Nearly 26,000 In State

EAST LANSING (AP)—Nearly 26,000 Michigan wheat growers have signed up for the 1964 federal wheat program, the Agricultural Stabilization and Conservation Service reported today.

With a few participants yet to be counted, 25,888 had signed up by the Friday deadline, said program specialist Donald Smith. They represent about 22 per cent of Michigan's 113,407 wheat farms.

These growers hold 493,930 of Michigan's 1.13 million allotted wheat acres, Smith said. They have planted 395,000 of these and are diverting 99,000.

Obituary

CHARLES E. LARSON

Funeral services for Charles E. Larson of Powers were held Monday at 2 p. m. at the Kell-Tondin Chapel in Spalding with the Rev. Frank E. Peterson officiating. Burial was in Wilson Cemetery. Pallbearers were six sons, Elwood, Richard, Albert, Warren, Charles and Robert Larson.

Trunk Sewer Work Started

An excavation near the sanitary sewage pumping station on S. 23rd St. at 18th Ave. S. marks the beginning of a trunkline sewer extension project estimated to cost a total of \$264,000—major item in the largest one-year public works project in Escanaba history, other than utility expansion.

The cost of the project is shared by the City of Escanaba and the federal government under the Accelerated Public Works program. One-half of the total \$264,000 will be received as a grant and the remainder will be the city's cost as sponsor.

Frank J. Siller, Ann Arbor, was low bidder on the construction of approximately 12,000 feet of sanitary trunk sewers that will extend on the west side of 23rd St. between 18th Ave. S. and the alley north of Ludington St. His bid was \$206,723.

Kenneth Buckland of Northern Engineers, Inc., Escanaba, consulting engineers on the project for the city, said that Siller's is moving machinery and equipment here and that start of work last week was within the project deadline set by the federal government.

The project will be completed sometime next fall. The trunkline sewers will vary in diameter from 8 to 18 inches and some of the ditching will be in areas where water must be kept pumped. The project does not include the construction of laterals. These are the responsibility of the city and the property owners.

The City Council requires that local labor, so far as possible, will be employed on the project.

David Pakarinen Wins Academic Honors At Tech

David R. Pakarinen, son of Mr. and Mrs. R. H. Pakarinen 505 N. 19th St., was also among the Escanaba Area students honored at Michigan Tech's Twelfth Annual Honors Convocation May 18.

He received honors for Deans List 1962-1963 (those students in the upper 2 per cent of their class academically).

Also Senior Class honors (those students maintaining a grade average of at least 3.3 and are in the upper 5 per cent of their class.) He was recognized as a new member of Phi Lambda Upsilon and also is a member of Phi Eta Sigma, Phi Kappa Phi, and Tau Beta Pi. These are all honorary and professional organizations.

Mrs. R. H. Pakarinen attended the ceremony. David will be one of graduating class on June 6.

Briefly Told

The Better Hearing and Speech Society will meet Wednesday, May 27 at 8 p. m. at the Chamber of Commerce building. Tom Newport will speak on school dropouts and the work being done by his group on this problem. Refreshments will be served.

Eva Flenstrom attended the Alpena Iota state convention of Delta Kappa Gamma Society, held in Dearborn May 22-24. Meetings were held at Dearborn Inn, Lovett Hall and Henry Ford Museum Auditorium in Greenfield Village.

The Library of Congress is not required by law to preserve a copy of everything registered for copyright.

ESCANABA BOY SCOUTS made another contribution to the Delta County School for Retarded Children on the Webster School campus on Saturday when a work force of Scouts turned out to do landscaping work on the grounds. Here they are at their volunteer work. Adult leadership was provided by Tom Carmody, Ken West and Bob Barron. (Daily Press Photo)

State Asks Bids On Delta Roads

The widening and resurfacing of more than six miles of Highway U. S. 2 in Delta County is scheduled by the State Highway Department this summer, and bids for that and other road projects in the U. P. will be opened in Escanaba at 11 a. m. on June 16.

The project in Delta County calls for 6,297 miles of base correction, widening, and surfacing with bituminous concrete on U. S. 2 from the Sturgeon River east. Also to be improved is the intersections of U. S. 2 with County Road 513, County Road 497, County Road 483 and with M 149 in Delta and Schoolcraft Counties. It is to be completed by Oct. 31, 1965.

Seven miles of bituminous aggregate surfacing on three sections of Delta County road is also provided for in another project on which bids will be opened June 16: On County Roads 535 and 414, to be completed Oct. 15.

Other projects in the Peninsula up for letting: Ontonagon County—Bridge carrying M 28 relocation over the west branch of the Ontonagon River east of Bergland.

Dozen Mallards Prove Pests In Detroit Suburb

GIBRALTAR, Mich. (AP)—A couple of dozen mallards are making themselves at home in this Detroit suburb, but their days as town characters may be numbered.

The ducks waddle around town quacking for handouts. They have been known to march down the aisles of a grocery store, sampling merchandise. They lay their eggs wherever they please.

One businessman said he was tired of having the ducks stop traffic at his store. He is fed up with having to hose down his parking lot every week.

He confided: "If I thought I could get away with it, I'd like to go out and wring a few necks tonight."

P&H Dividend

Directors of Harnischfeger Corp. Monday voted a quarterly dividend of 15 cents a share on common stock payable July 1 to stock of record June 20. They also declared a \$1.50 dividend for the Apr. 15 to July 15 period on 6 per cent cumulative preferred stock. It is payable July 15 to stock of record July 3.

State Asks Bids On Delta Roads

Completion date July 15, 1965. Chippewa County—Grading and drainage structures and paving of drives and parking areas at the highway tourist information center, Sault Ste. Marie, to be completed Oct. 31.

Houghton County—Twenty-mile improvement of Montezuma St. in Houghton, to be completed July 1, 1965. Ontonagon County—3,371 miles of grading and drainage structures and bituminous aggregate surfacing on M28 from west of Even; and 2,997 miles of aggregate surfacing on M 28 from east of the junction with M 64, to be completed Oct. 31, 1965.

Picnic Program Closes Season For Pack 416

Cub Scout Pack 416, sponsored by the Washington School PTA, held a pot luck picnic, as their final Pack meeting of Cub Scouts and parents, for the current season, Sunday, May 24, at the Pioneer Trail Park.

Den 2 presented the opening ceremony; Den 4 a pantomime of the Beatles, complete with wigs and instruments created by the boys; Den 3 paid homage to the leaders. Games and contests were supervised by the committeemen.

Cub Scout Master Nicholas Denessen announced the Washington School Cub Scout program will be active during the summer months, schedule to be given later.

A ceremonial bonfire burned throughout the evening, while Assistant Cub Master Clarence Shiner presented awards to the following boys: Bobcat, George Steinmetz; Wolf, Nicky Wagner, Robert Larsen; Bear, Mike Courrier, Jimmy Hansen, Randy and Lorie Bowers; Lion, Steve LaFond, Gold and Silver Arrow points were earned by Steve LaFond; Dwayne Slagstad and Mike Buckley.

Nicky Denessen, Steve LaFond, Lorie Bowers and Danny McDonald were inducted into the Webelos, with Clarence Shiner as Webelos master, to hold meetings the second and fourth Mondays of each month during the summer.

David Pultz and Jim Shiner have passed Tenderfoot requirements and have been enrolled with the Boy Scout Troop of St. Patrick's Church. To climax the event, all scouts wearing Indian headbands with feathers, to denote ranks earned, performed an Indian dance around the campfire.

Bass Season Starts June 1

Michigan fishing takes on a faster pace June 1 with the start of the black bass season in inland waters, the Great Lakes and St. Mary's River.

Elsewhere — in Lake St. Clair, the St. Clair and Detroit rivers — largemouth and smallmouth bass become legal catches June 20 to put angling action into full swing throughout the state.

Last year's regulations on bass fishing remain in effect for all Michigan waters, the conservation department reports. The minimum size limit stands at 10 inches. Sportsmen may have five bass in their daily take or possession.

Come the first part of the season, fishermen can make their best play for largemouths by casting and spinning with artificial lures in three to 10 feet of water. These scrappy fish are mostly found in lily pad or bullrush areas and around stumps, submerged logs and other such types of cover.

Action on smallmouth bass hits its peak right after the season begins, while they are still spawning in shallow water of lakes, near mouths of rivers and in bays of the Great Lakes.

At this early time, anglers get top results with smallmouths by casting small to medium-sized plugs, spoons, poppers, bugs and streamers into the shallows. The most productive places for catching these fish are rock, stone or gravel-bottomed areas in cold water.

For more tips about this and other types of fishing, write the Conservation Department's publications room in Lansing or stop at the Escanaba Field Office for a free copy of "Michigan Fish and How To Catch Them."

State Briefs

CHICAGO (AP)—Smith Hammond Piping Co. of Battle Creek entered the apparent low bid of \$23,822 Monday for repairs at the Battle Creek Federal Center. The General Services Administration will let the contract.

PONTIAC (AP)—Dr. Berand D. Berman of Royal Oak was named director of the Oakland County Health Department Monday. Dr. Berman had served as acting director since the death in December of Dr. John D. Monroe.

DETROIT (AP)—Philip L. Rezos of San Francisco, director of real property for the city and county of San Francisco, was elected chairman of the American Right of Way Association at its 10th annual seminar Monday. Rezos, former vice chairman, succeeded Dan Williamson of Houston, Texas.

DETROIT (AP)—A truck loaded with 305 cases of Vernors Gingerale was taken from the firm's parking lot in midtown Detroit, company officials told police Monday.

DETROIT (AP)—Michael Kulpeksa, 75, of Detroit, was hospitalized in critical condition Monday after a homemade bomb exploded as he tried to clear out some yellow powder, police said. Police said Kulpeksa often salvaged used building materials.

ST. CLAIR SHORES (AP)—Ex-Marine Tom Tomlinson, wounded in World War II and in Korea, will be grand marshal of St. Clair Shores' Memorial Day parade Saturday, annually billed as the state's largest with 4,000 participants and 100,000 spectators.

Of the more than 50 million enrolled in school at the start of the 1963-64 school year, 2.3 million were in kindergarten, 31.2 million at the elementary school level, 12.4 million in high school and 4.3 million in college or professional school.

Vision, Hearing Screening Here

Delta-Menominee Health Department, in cooperation with the Michigan Department of Health, assisted by the Parent Teachers Associations of Delta and Menominee counties, will conduct a pre-school vision and hearing screening program in June.

The purpose of this screening is to identify and refer early hearing and vision difficulties which might lead to later troubles in school. Trained technicians will conduct the tests.

This program was initially opened to only specific areas,

but there still are a few available appointments, says Dr. Mary L. Cretens. These appointments will be given to any child born in December 1959 or any month in 1960 (3 years olds) in both Delta and Menominee counties.

If you wish an appointment for your child, call ST6-4111 or write a card stating your child's birth date, father's name and address, and mail this to the Delta-Menominee Health Department in Escanaba.

The dates and places for the screening are as follows:

June 9—Stephenson Elementary School.
June 10—Stephenson Elementary, (morning).
June 11—Powers - Spalding School.
June 12—Powers - Spalding School, morning.
June 15, 16, 17, and 18—Escanaba Junior High.

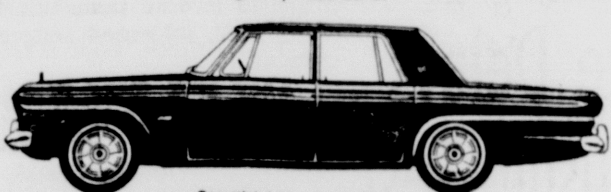

Hospital

Mrs. Ruth Moersch, 323 S. 10th St., was admitted Monday to the University Hospital, Ann Arbor. Her room is 9 West-9630.

Common-Sense:

A car that's compact in the front, compact in the rear, full-sized in the living-room.

Studebaker is deliberately designed that way. It handles like a small car, but it has as much full-length, full-width living room as higher-priced cars.

Schedule Many Events Honoring C&NW Railway

An eventful day is scheduled for the Escanaba area on Saturday, July 11, when the people of the community recognize the Chicago & North Western Railway Co. for its century of economic development in this region.

The Ore Centennial program will observe the 100th anniversary of ore shipping from Escanaba.

Top officials of the C&NW Railway, including Ben W. Heineman, chairman of the board, and C. J. Fitzpatrick, president, will be honored by the community in a program that will begin with an informal breakfast.

At 9:30 a. m. an impressive ceremony will be held at the Municipal Dock. There a large boulder of iron ore with an attached plaque giving the Ore Centennial story will be unveiled following the raising of the colors.

From 10 a. m. to noon there will be sightseeing trips to the ore docks by land and water.

A reception and luncheon will be held at noon at the House of Ludington, when Heineman and Fitzpatrick, and other officials of ore shipping and mining industries will be guests of the community.

A parade at 2:30 will be led by the North Western officials and will include bands and floats, and marching units and visiting dignitaries in cars.

Later in the afternoon the public will again be invited to tour the ore dock and to visit some of the boats that are expected to make Escanaba a port of call on the Ore Centennial weekend. Some of the large ore vessels, the Cutter Mackinaw, and perhaps Naval

Chips And Splinters

Contributions To Chips Welcomed

Mrs. Stephen Cauri, of Kenya, East Africa left Escanaba today for Rice Lake, Wis., where she will visit about a week before going on to Chicago to prepare for her participation in the triennial national meeting of United Presbyterian Women at Purdue University in June.

Mrs. M. H. Garrard Jr. will be a delegate of the Women's Association of the local Presbyterian Church and will have the opportunity of continuing the friendship begun here this spring.

While in Escanaba Mrs. Cauri was the house guest of the Rev. and Mrs. D. Douglas Selen. Mr. Selen now is attending general assembly of the Presbyterian Church in Oklahoma City and has met the Rev. Stephen Cauri, who has been studying in this country at Princeton University on a fellowship grant and is now a guest at general assembly.

Rev. and Mrs. Cauri will spend the summer in Springfield, Mo., where he will be continuing his studies. They will return to their home in Kenya in September, and Mr. Cauri will see his youngest child for the first time, as he was born after his father's departure for the United States last fall.

HOSPITALITY DAY saw the Escanaba Chamber of Commerce welcoming a group of officers and their wives from K. I. Sawyer Air Force Base on Saturday. Pictured (from left) are 1st Lt. H. Kenneth Lawler and his wife; 1st Lt. Dan Currie and Mrs. Currie; Mrs. Manley Anderson representing the Chamber of Commerce; 2nd Lt. Gerald Searboro and his wife; and Mrs. Robert Krohmer, who with Mrs. Anderson presented certificates and corsages to the guests. (Daily Press Photo)

Vandals Wreck Park At Rock

Vandals on Sunday night wrecked the Rock Community Park, Gladstone State Police report after an investigation of the despoliation of the play area.

It was created by the Rock Lions Club in a project which damned the Days River to create a swimming hole for the area and which provided picnic tables and fireplaces.

The tables and fireplaces were tossed into the pool and disposable beer bottles were broken on the dam so that the bottom of the pool was covered with broken glass and will have to be screened before bathing is permitted there.

Kennedy Exhibit Will Go On Tour

NEW YORK (AP)—Mrs. John F. Kennedy looked over mementos of her late husband and remarked, almost in a whisper, "I suppose the photographs are the hardest to look at."

The pictures showed the late President Kennedy with his family as a boy, playing with his own children, campaigning.

This Friday would have been the 47th birthday of Kennedy, killed by an assassin last Nov. 22. The birthday anniversary will be marked by an international television program, "JFK: May 29, 1964," in which his widow will take part.

Mrs. Kennedy was here Monday to inaugurate a traveling exhibit of his mementos. She made the comment about his photographs after a reporter asked what part of the exhibit impressed her most.

Atty. Gen. Robert F. Kennedy also attended the preview.

After a nationwide tour, the mementos will be put on display in the library planned at Harvard University to house Kennedy's papers.

The exhibit at the International Business Machines Corp. building will be open to the public today through June 6. It then moves to more than a score of cities. The tour ends Oct. 18 in San Francisco.

The New York City Board of Aldermen changed the name of Longacre Square to Times Square shortly after the cornerstone of the Times Tower was laid on Jan. 18, 1904.

April Dairy Income Is Up

April dairy business in the Upper Peninsula brought dairy farmers more money than in the same month a year ago, although there were fewer of them in the business, the U.S. Department of Agriculture reports.

Producer milk at test was worth \$404.44 compared with \$399.43 a year ago and income per producer for a 7 day average was \$169.42 compared with \$151.54.

The price of milk was up to \$3.563 per hundredweight compared with \$3.526 a year ago for blend (average) and production totaled 11,025,854 pounds, which was down from the 11,033,626 of a year ago. The percentage of milk (67.2) in Class 1 (drinking) was a trifle and a bit less went into manufacturing.

There were 363 tank producers of milk covered by the U.P. Milk Marketing Order compared with 272 a year ago, but the fading number of can producers has shrunk from 343 to 194 to give a net total of 557 farms producing milk compared with 615 a year ago.

New Tax Relief Spurs Chrysler Expansion Plans

DETROIT (AP)—Chrysler Corp., crediting the new tax-exemption law on tools, dies and fixtures as a strong influence, is undertaking a multimillion dollar expansion program in the Detroit area.

The expansion is to include a new foundry in Detroit, a major addition to the Plymouth assembly plant in Detroit, and a new tool and die facility in Sterling Township. Chrysler did not state the exact expenditure.

The tool and die plant is to have 100,000 square feet with 14 presses. It is to be ready for 1966 car model production.

Chrysler president Lynn Townsend said the new tax law makes Michigan competitive with neighboring states. He said this has improved Michigan's economic climate and should result in attracting new industry.

Rangers at Yellowstone National Park shoot elk in the northern area of the park where, according to wildlife biologists, the browse can support no more than 5,000 animals through a winter.

Planning Group To Hold State Conference Here

Escanaba will be host in early October to a meeting of Michigan Planning Officials, following an invitation to the group made by Dale Vinette, chairman of the Escanaba Planning Commission.

Vinette and Milton Embs, Planning Commission secretary, were in Lansing last week to a conference of Michigan Planning Officials, attended by about 200 persons. About the same number are expected to come to the fall meeting in Escanaba.

Doyle Singleton of Bay City, director of the Bay County Regional Planning Commission, is president of the state-wide organization whose members are persons connected with planning for cities, counties and state agencies.

Arrangements for the fall conference to be held here will be directed by Vinette and Embs, with the cooperation of the Escanaba Chamber of Commerce.

Nurse-Orderly Training Plan Being Offered

A nurse-aide-orderly training course under the Area Re-development Program will start in Sault Ste. Marie about July 1, and interested persons of the Delta-Schoolcraft area are invited to contact the Michigan Employment Security Commission, 305 Ludington St., Escanaba.

The course is for a four-week period with 10 trainees enrolled for each course. Requirements are:

The individual must be 18 to 55 years old, have a 8th grade minimum education, must pass a hospital physical examination, and must have a desire to work with the aged.

The program is open to both men and women.

Stock Approved

R. J. Enstrom Corp. of Menominee, has received authority from the Federal Securities Commission to continue its stock offering through June 2.

The company is offering 30,000 shares of \$10 common stock to the public in Michigan and Wisconsin. This is the third offering of 30,000 shares. The company manufactures the Model F-28 3-place helicopter.

Massachusetts Ballot

Both Houses of the Michigan Legislature have passed and the Governor has spoken kindly about a Massachusetts type ballot for Michigan. So presumably we are to have the Massachusetts ballot in Michigan.

That is, we're to have it unless the Democrats get referendum petitions signed by 139,000 to put it on the November ballot for a voter knockout.

The Democrats, as the larger party in Michigan and, seemingly by its own judgment, the greatest benefactor from straight ticket voting, stand to lose votes if the Massachusetts ballot becomes the voting sheet for Michigan.

The Republicans, as their views are expressed by the legislators in Lansing, view the Massachusetts ballot as a voter education device, but more practically and more politically as a chance by ballot form to nip off some of the Democratic preponderance in the voting.

If we approach this problem on a high plane of cerebration we might be able to rationalize a bit on the obligation of the voter. He should inform himself so that he can vote sensibly in support of the good elements in self-government. If he does this thoroughly he can vote a Massachusetts ballot easily, choosing the names of the officials he wants out of his familiarity with their qualifications.

But it is a very rare bird who can do this. Newspapersmen, familiar with the party tickets from their everyday work with them, know of the difficulty of remembering all the names on a big ballot, much less whether they are retarded or able.

So the party label serves a function. It enables the idiot voter — and many of his college grad chums — to identify the boys he wants to vote for by their party label.

The party label may be ridiculed as a primer for kindergarten voters, but any realistic appraisal of the American electorate is confronted by strong opinions founded upon weak study. The voter who faces his moment of truth in a polling booth must know only enough to identify his party now.

To help him with this simple process in Michigan we print pictures of Franklin D. Roosevelt and G. Mennen Williams over the Democratic ticket and the pictures of Dwight Eisenhower and Abraham Lincoln over the Republican ticket.

It would be ideal if the voter would recognize his party offerings without these "Him" and "Her" simplifications, but the parties endure and the candidates expire and for all our American delight in saying that "we vote for the man and not the party," no man can be elected President of the United States without choosing a party to be his vehicle. And having made that choice he is considerably shaped in his administration by what the party stands for, as well as what he believes in.

So the identification of his party candidates through a label, while it may be the refuge of the uninformed voter, and the voter most subject to bad leadership and least qualified to serve self-government, is a strong practice in practical American politics.

To attempt to end this deficiency abruptly with some such stratagem as a Massachusetts ballot would be more apt to disrupt the elective process than to improve it. People who are sophisticated politically only to the point of party affiliation would be left at sea, unable to identify the small fry of their party on the bottom of the ballot.

When the Founding Fathers set up our national government they exercised almost omniscience, but they did not foresee the role of the political party which was to develop into such a strong and saving instrument of democratic government. Pure democracy, with direct rule by the people, is beyond our capacities, as it was that of the Greeks. We need a republican form of expression and it works best for us with political parties. They dredge up some dreadful candidates for our rejection at times, but they bring an organization to this very difficult process of self-government and any ballot form which ignores this brings questionable aid to the elective function.

State Elections Director Robert Montgomery injects a practical note of caution that the Massachusetts ballot would require Michigan to cut its precincts in half, or buy twice its present supply of voting machines. This is a practical note worth notice, but the controlling thought should be the disfranchisement of the voter. The electorate is not an elite, it is a citizenry.

Governor Romney told the Federal Bar Association that "one overriding advantage for Michigan (of the Massachusetts ballot) would be a whitening away at excessive partisanship — one of our most disturbing problems." It was his strongest public expression on the bills, which he had earlier called "desirable, but not essential." He added "The voter will be required to think."

This is a compulsion as far beyond the control of legislation as honesty.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Trooper Harold G. Snyder of the Manistique post of State Police has been assigned to duty at Traverse City. He will take over his new duties with a rating of corporal.

After more than fifty years of railroading, George E. Harvey, of 635 Ogden Ave., veteran engineer, started his run on the 400 this morning, and on completion of the run will retire. He has reached his 75th year.

Mr. and Mrs. Magnus Jacobson, pioneer residents of Stoughton, will observe the golden wedding on May 30. There will be a reception for them at the Trinity Lutheran church in Stoughton.

Twenty Years Ago

Notice has been given that no matter what time D-Day occurs, factory whistles, sirens and church bells are to ring the glad tidings. There seems to be a hint in the announcement that the occasion is not so far away.

George E. Gaffney of Escanaba is a member of this year's graduating class at West Point. Yvonne Lierman, daughter

of Mr. and Mrs. Gus Lierman of Gladstone, has been selected by the Gladstone American Legion Auxiliary to attend the annual Girl's State to be held in East Lansing, this coming June.

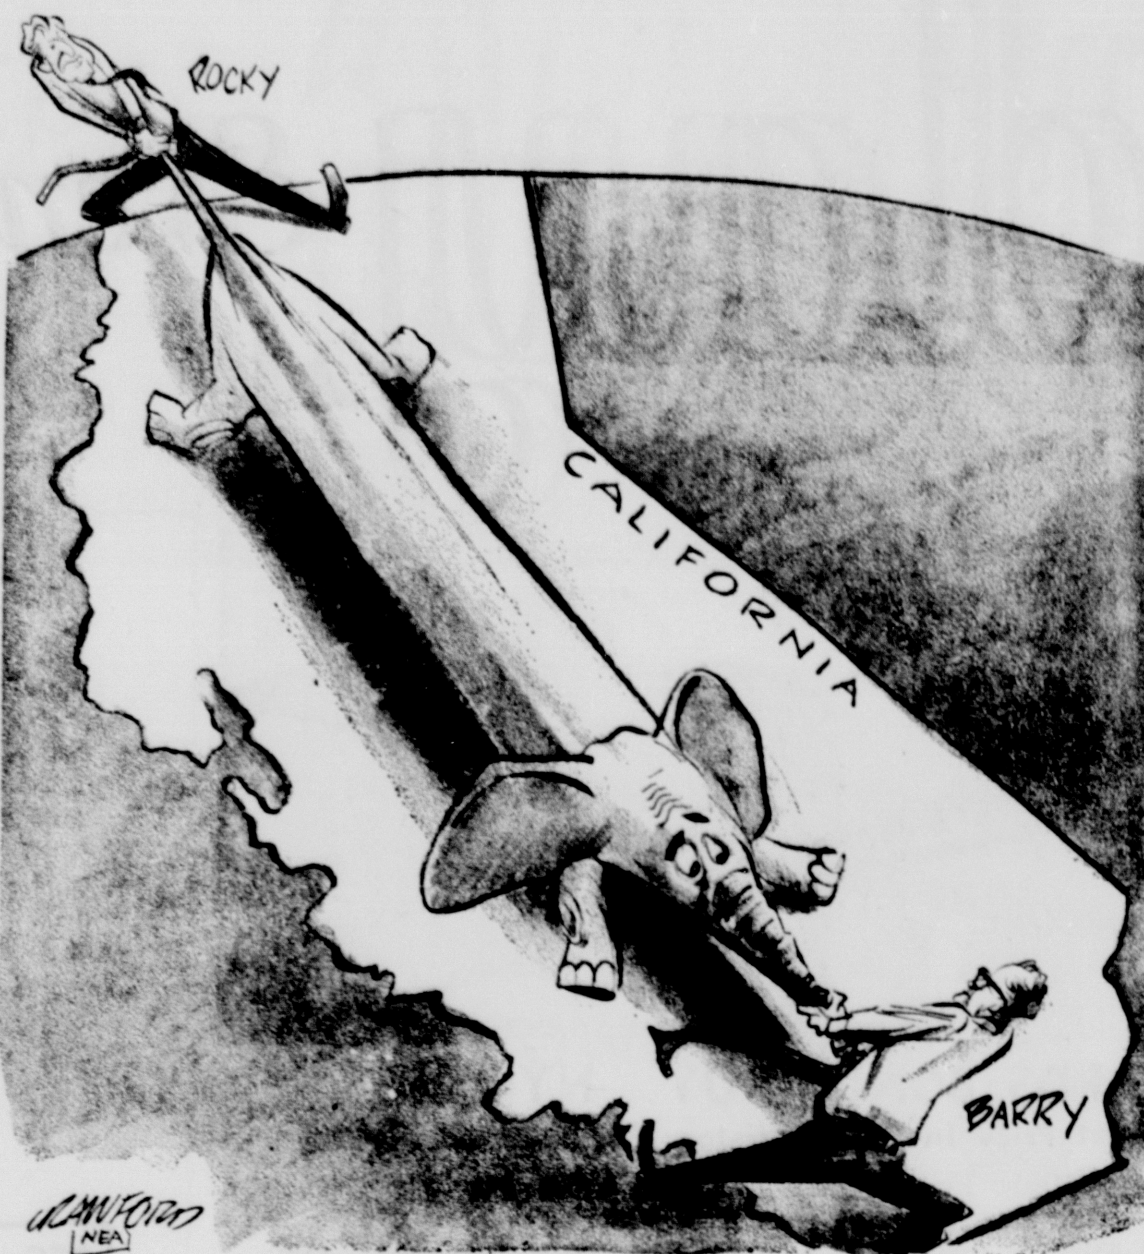

Thirty Years Ago
Father Mathias H. LaViolette son of Mr. and Mrs. Albert D. LaViolette, of Escanaba, and Father Parnell Dunleavy of Marquette, will be ordained in the Catholic priesthood at ceremonies at Marquette next Saturday morning.

Mrs. G. W. Moll has been elected president of the Escanaba Women's Club.

Two new work projects have been started in Manistique under CWA sponsorship. They are repainting of the Manistique fire station and binding of much used books at the city library.

The first sports event ever televised was a Columbia-Princeton baseball game at Columbia's Baker Field, on May 17, 1939. The National Broadcasting Company, then beginning experimentation with TV, put the pioneer game on the air.

Somethin's Gotta Give!

Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — A number of leading Republicans think that regardless of his fate in the season's closing primaries, New York's Gov. Nelson Rockefeller may hold the key to any effort to stop Sen. Barry Goldwater at San Francisco in July.

What these leaders have in mind is that Rockefeller's New York delegates—whatever proportion of the 92 he will be able to command in the convention—would serve well as a rallying nucleus for a moderate coalition aimed at giving the nomination to someone other than Goldwater.

Says one of these men: "Even if Nelson loses the California primary June 2, my first call on June 3 will be to Circle 7-3700 in New York (the office of George Hinman, top Rockefeller aide)."

Some politicians in the anti-Goldwater camp believe the senator's delegates total would be so close to a nominating majority of 655 with a California victory that only a quick dramatic move on the moderate side would offer any hope of halting him.

"It all depends," says a non-Goldwater governor, "on whether Rockefeller gets practical soon enough."

In this man's view, "getting practical" means giving up all hope of winning the nomination for himself and taking the lead for someone else—Richard Nixon, Ambassador Henry Cabot Lodge, Gov. William Scranton of Pennsylvania.

Clearly, this would not be an easy course for Rockefeller to follow. Hope dies hard when a man has invested as much as he has in time, money, energy and organization.

The Rockefeller people argue

they are the only non-Goldwaterites who have a ready-made campaign setup, qualified by experience to make a run of it for the Republicans after the San Francisco convention. A few independent appraisers agree.

A further element: No matter how vehemently they may denounce Rockefeller publicly, substantial numbers of professionals at the state and county level have indicated privately they would love to have the governor's financial and organizational resources to draw upon.

Then, too, Rockefeller has carried the ball in key primary states as an avowed candidate, chopping at Goldwater, forcing him into mistakes that damaged his "image" even among the senator's own supporters.

While the governor has played this aggressive role, other potential candidates have hung back in the wings. A good many GOP leaders say if it were not for Rockefeller, Goldwater would have locked up the 1964 nomination months ago.

But the governor's activities up to this now-crucial juncture have not been sufficient to stem the big tide of delegates flowing Goldwater's way. So in the judgment of some important Republicans, he may be asked to make the great sacrifice and put all that he has—and has done—at the disposal of another candidate.

People in Rockefeller's camp always have acknowledged that the governor's goal, if he could not win for himself, was to block Goldwater. Some influential non-Goldwater Republicans will be watching nervously from this time on to see just how realistically Rockefeller assesses his position.

Letters To The Press

Contributions are welcome. They must be limited to 150 words, and signed with the name and address and phone number of the writer, but the name will be withheld on request.

EDITORIAL REACTION

Your editorial, "Incredible Move," is itself incredible in its logic. On what grounds must Henry Ford II either keep silent about the presidential election or announce his support only for a Republican candidate?

He may vote for and campaign for whomever he wishes. He is a citizen. Are we to say that all Americans are free to do this, save for the very rich? Are we to believe on the one hand that the rich man must be a Republican (I know of no attempt to force this upon Joseph Kennedy or Averell Harriman), or on the other that the rich man does not enjoy the same political privileges as the poor man? Either is absurd.

Granted that the rich man bears a greater degree of political responsibility than the poor man, but there is no evidence that Mr. Ford has abdicated his responsibility. To declare support for President Johnson is hardly radical or imprudent, particularly since the President, by all reasonable expectations, is going to win anyway; he even has Time Magazine licking his hand.

Your accusation of cynicism on Mr. Ford's part is a little strong. The difference between the Republican and Democratic parties is not the difference of money and labor, but an ideological difference involving varying degrees of liberalism: The Democrats more and the Republicans less, except, perhaps, in the South. If Mr. Ford believes that President Johnson is serving the best interests of more people than a sternly partisan President, surely he has reason to. Many others feel the same way.

I suspect that the real reason for your outrage is that the Republican Party in Michigan feels stabbed in the back by Mr. Ford's announcement. Am I wrong?

Everett L. Wilson

So They Say

For the man that he was and the success he achieved, this nation gives thanks to God for the 84 years he lived and served.

—President Johnson remarks on Gen. Douglas MacArthur's death.

I don't want to leave Alaska. I just don't want a view of the inlet any more.

—Mrs. Ruth Higgins, an Anchorage resident whose home was destroyed.

My fervent prayer is to be a president who can make it possible for every boy in this land to grow to manhood by loving his country—loving his country instead of dying for it.

—President Lyndon Johnson.

In terms of magnitude, mental retardation is the most handicapping of all childhood disorders.

—Dr. George Tarjan, vice chairman of the President's Panel on Mental Retardation.

We must learn to live together as brothers or perish together as fools.

—Rev. Martin Luther King, civil rights leader.

Ann Landers

Color Of Child's Eyes Debated

Dear Ann Landers: Recently you made the statement that two blue-eyed parents could have a brown-eyed child. I believe you are wrong.

To have a brown-eyed child at least one of the parents must be brown-eyed because the gene for the expression of brown eye color is dominant. (Ann Landers note: A gene is one of the elements of the germ plasma which transmits hereditary characteristics.)

If your statement is true, then it should be noted that all the recent books on biology, zoology and genetics dealing with human inheritance are incorrect. I offer the following references to substantiate my position: (1) Wodsdalek, J. E. General Zoology. Wm. C. Brown Co. (1963); (2) Ville, C. A. Biology, 4th Ed. Saunders, (1962); (3) Marsland, D., Principles of Modern Biology. Holt, Rinehart and Winston (1964). What is your authority?

—Respectfully — M. J. F. ASSISTANT PROF. OF BIOLOGY, QUINSIGAMOND COMMUNITY COLLEGE, WORCESTER, MASS.

Dear M. J. F.: Thank you, Professor, and thanks to the hundreds of other professors and students who wrote to tell me I was wrong. Your comments are appreciated, but I am NOT wrong.

My principle authority is Dr. Carl Witkop, the distinguished chief of the Human Genetics Branch of the National Institutes of Health in Bethesda, Maryland. Dr. Witkop says: "In the early days of genetics it was believed that eye color was determined by a single pair of genes. We now know that this is incorrect and that eye color is transmitted by at least three genes. In the vast majority of cases two blue-eyed parents will produce a blue-eyed child, but it is now an established fact that two blue-eyed parents can produce a brown-eyed child."

Dr. Witkop cites as his authorities, Stern, Curt, Principles of Human Genetics, 2nd Edition, W. H. Freeman and Co. (1960). So, to repeat — if it happens in your family, think nothing of it.

Dear Ann Landers: I could have kissed you when you said a brown-eyed baby.

My husband and I are both blue-eyed and we have a brown-eyed girl. For years I have been subjected to snide remarks by his family. It was always said as a half-joke, but I got the point.

When your column came out I went down a bought six extra copies of the newspaper and mailed them to the proper people.

You have no idea what you have done for me. Many thanks. — XYZ

Dear Ann Landers: Our daughter has been asked to the senior prom. She is all excited because the boy who asked her is very nice.

Last night she told us that she is expected to pay half of the expenses, which will come to about \$18. According to her it is customary for the girl's father to hand the fellow the money in an envelope when he comes to get her.

Things have changed since I was in high school but I would have been insulted if a girl's father had handed me an envelope to help pay for a date. May I hear from you? — PUZZLED PAPA

Dear Papa: Granted, proms are horribly expensive these days but Papa should not have to hand the guy an envelope when he comes to take out his daughter. You are absolutely right.

Do you lack self-confidence... have trouble making friends? If so, send for ANN LANDERS' booklet, "How To Be Well-Liked," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Q—What was America's first world's fair?
A—The Centennial Exposition in Philadelphia in 1876.

Q—What are some of the patriotic aims of the Daughters of the American Revolution?
A—The society maintains a chain of mountain schools and colleges as well as schools for Indian children. It also offers annual student awards.

Q—Is it illegal for a private citizen to burn an old United States flag?
A—No, so long as they are disposed of "in a dignified way, preferably by burning."

Q—When were the followers of Christ first called Christians?
A—According to the Book of Acts, the name was first applied to the followers of Jesus Christ at Antioch between the years 40 and 44 A. D. Before that they were called "Followers of the Way."

By HAL COCHRAN
A man may catch a wife flirting, but she never wants him to do it again.

Police in many cities are not supposed to chew gum while on duty. Few carry a night stick any more anyway.

Who's behind all that heavy make-up? Sometimes it's hard to tell.

Auto Industry Sales Increase Over Last Year

DETROIT (AP)—The auto industry reported generally increased sales for the second 10 days of May as compared to the same period a year ago. Some car makers said they set all-time records for the period.

Chevrolet and Ford cars and trucks reported record sales as did Dodge, Cadillac and Pontiac cars.

Chrysler, Buick, Plymouth, Oldsmobile and Lincoln-Mercury said their sales improved over last year.

Buick said its sales were its best in nine years for the period and Plymouth reported the best in seven years.

Rambler said its sales for the first 20 days of May were above the comparable April period, its previous high for the year.

Moon Landing Chances 50-50

WASHINGTON (AP)—In the news from Washington: MOON FLIGHT: The United States has a better than 50-50 chance of landing a man on the moon by 1970, Dr. Werner von Braun, director of the Marshall Space Flight Center at Huntsville, Ala., said Monday.

In a copyright interview in U.S. News and World Report, Von Braun said: "We cannot be absolutely certain, because any critical setback may, of course, still deny us success in time. But I would say, if you asked me for a personal opinion, that we have a better than 50 per cent chance of being on the moon before the decade is out."

BANK INSURANCE: Chairman Wright Patman, of the House Banking Committee, says the American Bankers Association is "deliberately falsifying the facts" in its opposition to an increase from \$10,000 to \$20,000 in federal insurance on bank deposits.

The Texas Democrat is sponsor of the measure which is scheduled for House action on Wednesday.

LOSING GROUND: Sen. Frank J. Lausche, D - Ohio, a member of the Senate Foreign Relations Committee, says the United States is losing ground to the Communists "in every corner of the world."

Writing for the Reader's Digest, Lausche called Secretary of State Dean Rusk a sincere, devoted diplomat but said the State Department has within its ranks "long-entrenched and frequently misguided men whose views too often account for our unsuccessful policies."

State Treasury Balance Urged

DETROIT (AP) — Michigan should build a \$200 million treasury balance as partial insurance against a depression, says the director of the State Department of Economic Expansion.

And the state's business and utility firms also should plan "for any possible recession," Bernard M. Conboy told the Metropolitan Detroit Council of Real Estate Boards Monday.

Portraying Michigan as a state with a "cyclical economy" which is now "stronger than the national average," Conboy advocated planning for "what may be less prosperous times."

He said there are several years of good production in the

future "as the bumper crop of World War II babies come of age and start families."

But, "The question is not really 'if' a recession will occur, the only question is when."

Building a state treasury balance of about \$200 million, he said, would provide a backlog for new construction and improvements when work is needed.

A similar technique could be adopted by utility and other firms, he said.

Michigan's cyclical economy is due to a production of about 80 per cent hard goods—autos, refrigerators, metals and other articles of long-lasting nature—and 20 per cent soft goods, he said.

President Theodore Roosevelt established the first U.S. bird refuge in 1903 at Pelican Island, in the Indian River section of Florida.

Most Emmies Won By CBS

By JAMES BACON
AP Movie-Television Writer

HOLLYWOOD (AP) — CBS-TV, with 13 awards — five of them via the "Dick Van Dyke Show," — is big winner today of the 16th annual television Emmy Awards.

"It sure pays to boycott," said the handsome Van Dyke, clutching his first Emmy for best actor. "I bet CBS is sorry now they started this whole thing—or maybe they're glad."

Van Dyke was referring to the CBS and ABC boycott of the

Emmy show Monday night. Both networks had charged NBC-TV with bloc voting in previous awards.

NBC, the only non-boycotter, took second with nine Emmies and ABC took third with five, four of them won by the John F. Kennedy documentary "The Making of the President, 1960."

Kaye Show Scores

Master of ceremonies Joey Bishop commented on the NBC-TV telecast: "If NBC drops out of this thing, there will be immediate dancing."

Bishop had opened the show with, "Welcome to 'greatest fights of the century.'"

The Van Dyke show also won Emmies for best writing, best directing, best comedy and best actress—Mary Tyler Moore.

The other CBS winners were CBS and ABC boycott of the

electronic photography; best original drama—Ernest Kinoy for the "Blacklist" segment of "The Defenders;" best drama—"The Defenders;" best single performance by an actor—Jack Klugman in "Blacklist" of "The Defenders;" best music—Robert Scheerer for "The Danny Kaye Show;" best variety show—"The Danny Kaye Show" and best variety performer—Danny Kaye.

Best News Report

The NBC winners were: Best news report—"The Huntley Brinkley Report;" best news commentary—"Cuba;" best art direction—Warren Clymer, "Hallmark Hall of Fame;" best cinematography—J.P. Peters for "The Kremlin;" best drama adaptation—Rod Serling for the "Bob Hope Anthology Series;" best supporting actor—Albert

Paulsen, also for the Bob Hope series and best supporting actress—Ruth White for "Little Moon of Alban" on "Hallmark Hall of Fame," and best single performance by an actress—Shelley Winters in "Two is the Number" in the Bob Hope Anthology Series.

"The Making of the President, 1960" won also for film editing best original music—by Elmer Bernstein — and best documentary.

The other ABC winner was "Discovery" — the best children's show.

The idea that criminals can wade through water to avoid a bloodhound is false. Actually the dogs can track better through the water which holds the scent.

Gov. Scranton To Get Boost

LANSING (AP) — Formation of a Michigan committee to boost the candidacy of Gov. William Scranton of Pennsylvania as the Republican nominee for president was announced Monday.

Harry Calcutt, a Traverse City attorney, and Wallace Strubel, a Saginaw warehouse owner, said they had been asked to serve as co-chairman for a "Scranton for President" move in Michigan.

Their specific job, they said, will be to talk up Scranton as a "dark horse" possibility to

Michigan delegates to the GOP Convention at San Francisco.

Scranton is not an announced candidate, but has said he would be available "for a genuine draft."

Calcutt is GOP finance chairman in Grand Traverse County, and Strubel is a former Saginaw County chairman and was co-chairman of the Volunteers for Gov. George W. Romney in 1962.

Calcutt claimed that a survey of the Michigan delegates showed "some 60 per cent" would go for Scranton, if released by Romney.

Romney has insisted on a non-pledged delegation to the convention and will lead it as a favorite son.

The U.S. government neither purchases nor sells rare coins.

Union's First Target Is GM

DETROIT (AP)—Delegates studying strategy for United Auto Workers contract negotiations have urged the union to make improved working conditions and earlier retirement its top goals—and General Motors Corp. its No. 1 target.

The recommendations came out of meetings last week of the union's GM, Ford and Chrysler councils in Detroit. The GM council meeting ran four days, ending Saturday, when its 256 delegates called for making GM No. 1 target.

The UAW normally picks one company as a target, and after obtaining a contract there demands that the others meet its terms.

Leonard Woodcock, UAW vice president and director of its GM department, said, however, that selection of a target for 1964 bargaining would depend on developments.

The GM council was first to fix a minimum amount of relief time that will be sought in contracts to replace those expiring Aug. 31 at Big Three automakers, Woodcock said "at least a total of 44 minutes" would be demanded.

Big Three workers now get two 12-minute relief breaks during an eight-hour shift.

All three councils voted to make improved working conditions their top goal, with earlier retirement No. 2.

Franco Rebuffs Throne Aspirant

MADRID, Spain (AP)—Generalissimo Francisco Franco showed marked favor for Prince Juan Carlos de Bourbon Sunday, apparently rebuffing the aspiration of Prince Carlos Hugo of Bourbon-Parma to occupy the Spanish throne.

Franco gave the grandson of Spain's last king second place on the reviewing stand, beside the army minister, during an annual military parade. The prince's wife, Princess Sophie of Greece, sat at Mrs. Franco's right in her box.

Head Of Schools In Grand Rapids Asks For Release

GRAND RAPIDS (AP)—Benjamin J. Buikema asked Monday for release as superintendent of Grand Rapids schools.

Buikema, who will be 62 in October, has served 35 years in the Grand Rapids school system. He has been superintendent the past 15 years.

His request was referred to a committee for study.

Buikema told the school board that when he signed his contract two years ago he did so with the reservation that he did not expect to complete the full term of three years. He said his request hoped to make possible time to do some things his duties had blocked before.

Denial Of Rate Cut On Flour Helps Michigan

LANSING (AP)—Atty. Gen. Frank Kelley Monday hailed an economic victory for Michigan a rejection by the Interstate Commerce Commission of a proposal by a group of southern railroads to reduce freight rates for flour moving to southern ports.

Such a rate reduction, Kelley said, would have had the effect of diverting flour movements away from Great Lakes ports.

"The commission fully agreed with our contention that to attract ocean vessels to the Great Lakes and thus maintain regular steamship service it is vital that there be no prejudicial differential between flour freight rates applicable to gulf ports as opposed to those applicable to lake ports," Kelley said.

Employment Up In Great Britain

LONDON (AP)—Unemployment in Britain is at its lowest rate in 2½ years.

Ministry of Labor said Monday there were 369,121 unemployed in May, a drop of 42,477 from the April figure. In May last year the figure was 554,000 or 2.4 per cent. This month's percentage is 1.6.

A GERMAN MEMORIAL—This bronze head, carved by German sculptor Knud Knudsen, was completed two days before President Kennedy's assassination. Knudsen, who is adding finishing touches to the work, made sketches during the late president's visit to Germany.

Michigan Woman Dies At 109 In Toledo Home

TOLEDO, Ohio (AP)—Mrs. Josephine Anteau, who was honored in 1962 as one of Michigan's oldest residents, died at 109 in a Toledo home for the aged.

Mrs. Anteau was born Feb. 28, 1855, in Windsor, Ont., and moved to Monroe, Mich., in 1902. After the death of her husband, Thomas, in 1943, she made her home with a son in Monroe until she entered the home for the aged operated here by the Little Sisters of the Poor.

At 107, Mrs. Anteau was honored in 1962 as one of the Wolverine state's oldest citizens by the Senior Citizens Corps of the Michigan Commission on Aging.

Mrs. Anteau bore 17 children, seven of whom still are living. Survivors also include 17 grandchildren, 39 great-grandchildren and 28 great-great-grandchildren.

New Episcopal Bishop Accepts

DETROIT (AP)—The Rev. Dr. C. Kilmer Myers accepted Monday the post of suffragan bishop of the Episcopal Diocese of Michigan because, he said, he considered his May 15 election in absentia a mandate to serve.

He succeeds the Rt. Rev. Robert L. DeWitt, who is now bishop of the Episcopal Diocese of Pennsylvania.

The Rev. Dr. Myers said last Thursday that he might not accept the position. He is now director of the Urban Training Center for the Christian Mission in Chicago.

He will assume his new duties Jan. 1. The consecration has tentatively been scheduled for Sept. 29.

The Rev. Dr. Myers said he accepted the post because of "my conviction that the church has the right to elect its officers and I saw it as a mandate which I had to accept."

The announcement came after he conferred with the Rt. Rev. Richard S. Emrich, bishop of the Episcopal Diocese of Michigan, and other church officials. His new duties will give him charge of the Wayne County district in southeastern Michigan. This district, including Detroit, will put Rev. Myers' gifts in urban work to great use and benefit, Bishop Emrich said.

"Here is \$11,684—
now you can go to college."

A frightening figure, you'll agree, but a conservative one. Your son or daughter will thank you and you will thank the Sun Life for guaranteeing the needed funds for a college education. However, provision should be made for these funds NOW. With a Sun Life Educational Endowment Policy, your child will be guaranteed funds for college, even if you should die in the meantime. May we discuss this most important aspect of your son's future at your convenience?

We're making the sidewalks softer this year

We must be! Hush Puppies® casuals are the official shoes for the Greyhound World's Fair Guides, and for the 64th National Open golf tournament. Apparently they've heard about the comfort that comes with the soft brushed pigskin and light crepe soles. About how a brisk brushing keeps them looking good. About how they're water-resistant and dry soft and comfortable. (And did you know we're making the playgrounds softer, too? We are. See the children's styles as well as the men's and women's at your dealer's today.)

Over 200 styles and colors, from youngsters' size 8½ (about 6.95 to 8.95) to women's size 11 and men's size 16 (about 8.95 to 10.95). Golf and specialty shoes for men and women about 12.00 to 14.00.

MANNING SHOE STORE—YOUR HUSH PUPPIES HEADQUARTERS

Nixon Books Speaking Tour

NEW YORK (AP) — Former Vice President Richard M. Nixon has scheduled speeches in New York, Baltimore, Atlanta, Detroit and Milwaukee between June 4 and June 16.

Nixon has been prominently mentioned as a possible Republican nominee for president again this year, but has said he is not a candidate.

BERLIN (AP) — Georg Dertinger, former foreign minister of East Germany, was released from jail today after 10 years of a 15-year term for espionage. Dertinger, 61, was granted clemency by the State Council, which is presided over by Communist boss Walter Ulbricht, the official East German news agency ADN announced.

NASHVILLE, Tenn. (AP) — Sgt. Alvin York, 76, hero of World War I, was reported resting well and in satisfactory condition at a Nashville hospital Monday night.

York was admitted last Friday for treatment of internal hemorrhaging.

PORT AU PRINCE, Haiti (AP)—Dr. Francois Duvalier, 57, dictator of Haiti, was elected president for life Monday.

The vote of the 67 members of Congress was unanimous.

GLASGOW, Scotland (AP) — Quote of the day: Mrs. Mary Middleton, 33, a Scottish housewife, calling upon the women of Britain to stage a one-hour boycott of television to protest "snuff." "It seems that nowadays nobody can put on a play that hasn't one foot in the kitchen sink and the other in a double bed."

What's New On Market?

AP Newsfeatures
WHAT'S NEW on the market?

THE PRODUCT — A man-made material that looks and cuts like wood, but is incombustible, does not conduct electricity and is not affected by wood rot. Production capacity presently limits its use as siding to the southern part of the country, but it soon will be available nationally and later will be made for many other home uses as well as for siding.

THE MANUFACTURER'S CLAIM — That this material, a combination of processed wood, asbestos fibers and cement, is preshrunk and primed before it leaves the factory, can be painted with latex or oil-based paints, can be nailed with standard siding nails without predrilling holes and will not split because it has no grain or knots.

THE PRODUCT — A new exterior latex paint designed to do away with the priming and etching of bare galvanized gutters, downspouts and eaves.

THE MANUFACTURER'S CLAIM — That the painting of bare galvanized materials can be completed in one day, since the latex acts as its own primer and can be recoated within an hour; that the new paint acts equally well on aluminum; and that the only preparation necessary is to be certain that any protective layer of oil put on the galvanized steel or aluminum by the manufacturer is thoroughly wiped off.

Briefly Told

Gladstone State Police on Monday issued traffic offense tickets to Leo Flury, Marquette, for expired operator license and for making an improper left turn in front of traffic, and to Philip Ambrosio, 408 S. 16th St., for no operator license.

Traffic court summons has been issued by Escanaba police to Eileen A. Peterson, 1415 Stephenson Ave., for passing a school bus while it was unloading and loading passengers.

Gladstone State Police ticketed John Cote Jr., 22, of 602 5th Ave. S., for reckless driving after his car went out of control in turning off County Road 412 onto County Road 414 at 8:40 p. m. Monday in Wells Township. It went off the road on the right shoulder and spun into a ditch on the left side.

Kay Alko of Perkins reported to State Police that her car struck two deer at 11:55 p. m. Monday while going south on M-35 a half mile south of Brampton. The deer ran from the left shoulder into the path of her car and one was killed and the other ran into the woods. The car was not heavily damaged.

Mrs. John Bruce Dodd, of Spokane, Wash., originated the observance of Father's Day in 1910.

Primrose Gives \$3,000 Memorial In Scholarships

William Primrose will give scholarship checks totaling \$3,000 to representatives of four high schools in this area at a ceremony at 10:30 a. m. on Memorial Day Saturday in Fernwood Cemetery, Gladstone, where his mother, Mrs. Minnie Primrose Eaton, is buried.

The scholarship checks will go to members of this year's graduating classes in Holy Name High School, Escanaba; Gladstone High School, Manistiquette; Holy Name High School, Manistiquette; and Holy Name High School, Manistiquette. Each will be a memorial to a member of Primrose's family and most will go to male students because the donor says the men are breadwinners. Michigan Technological University at Houghton and its branch at Sault Ste. Marie are favored among the institutions of higher learning for which the scholarships are offered.

The seven scholarships to be offered on Memorial Day are this year's gifts in a program which Primrose, 67, has been carrying on for most of a decade. A former Postal Service employee, he returned to Escanaba after the death of his parents and lived in the family's Commercial Hotel until he gave the property to his friends, Mr. and Mrs. Charles Lang. He moved to Milwaukee

Decision Timed To Link With 1964 Election

(Continued from Page 1)

to provide guidance by issuing a precedent - setting opinion.

"When the matter is decided by the highest authority, no one will be quicker to subscribe than I," Smith said.

"But until the High Court speaks, the matter still is debatable. Government must go on and, therefore, a presumption of validity must be indulged until contrary advice is received," Smith said.

Adams, in a brief opinion accompanying Smith's, said he agreed with his colleague's analysis of time problems "which presently exist in terms of orderly election processes ... it is because of the situation that I have decided to cast my vote at this time."

Adams added he, like Smith, would reserve "for future consideration" the question of whether the plan is constitutional under the U. S. Constitution. All four Republican members of the Apportionment Commission submitted the plan to the court, but it carries the names of former Gov. Wilbur M. Brucker of Grosse Pointe, a co-chairman of the commission, and William Hanna of Muskegon.

Democrats had submitted a total of four plans. Two of them were drafted by co-chairmen Richard Austin of Detroit and Robert Kleiner of East Grand Rapids and provided for apportioning the legislature on a "one man, one vote" basis.

Would Avoid Chaos
Smith emphasized that the pressure of time moved him to act. He pointed to his earlier opinion which said the state would approach a "point of criticality" regarding the legislative election process in 1964 and that, if no "guidelines" had been received from the U. S. court by May 18 at the latest, he would join "other willing members" of the state court in adopting a plan.

Secy. of State James Hare repeatedly has predicted "election chaos" unless Michigan's redistricting problems — legislative and congressional — are solved in time to provide for mechanical preparations for the primary and general elections. The constitution provides a 60-day period during which legal challenges to a plan may be filed by any elector in the state once the plan is approved by the court. The problem was left to the court after the apportionment commission became deadlocked on congressional apportionment.

Peronist Youths Start Violence In Buenos Aires

BUENOS AIRES, Argentina (AP)—Fire bombs were thrown at several buildings Monday night and a fire-scarred United States flag was dropped at a hotel entrance by members of the revolutionary Peronist youth movement.

The violence was a prelude to fresh sit-in strikes expected at various factories.

A truce declared by labor leaders ended at midnight, and the unions were expected to resume their "fighting plan" to get a minimum wage written into law by Congress. The Peronist-dominated General Confederation of Labor is leading the drive, which independent unions oppose as premature.

William Primrose

and later to Detroit but returns to Escanaba periodically and continues his interest in the community and especially in his scholarship program.

His estate is in securities and he is an active stock trader. He has made many gifts to church organizations and to local high schools. His benefactions this year, prepared by his counsel, Atty. Nicholas P. Chapek, for presentation on Saturday include:

Four scholarships for Holy Name High School students, two of \$300 each for girls as memorials to his mother, for Northern Michigan University or Michigan Tech; and one of \$500 for a male student and one of \$400 for a male student for Tech. The \$500 gift is a memorial to his father, William Primrose, and the \$400 gift to his stepfather, Joseph Eaton.

A \$500 scholarship for a Gladstone High School male graduate as a memorial to Edward Primrose, his late brother, for Michigan Tech.

A \$500 scholarship for a Manistiquette High School graduate for Tech as a memorial to his father, William Primrose.

A \$500 scholarship for a Manistiquette High School male graduate as a memorial to his grandfather, Jacob Primrose, to attend Tech or its Sault Branch.

Primrose also gave a \$200 gift to the Franciscan Order of Friars Minor, Province of St. John the Baptist, Cincinnati, for their seminarian program, and \$200 to the School Sisters of Notre Dame, Mequon, Wis., for their postulate program.

Boat Baby May Be American Or Cuban Citizen

MIAMI, Fla. (AP) — Is Barbara Benita Mejias, born in an open boat in which her parents fled Cuba, an American or Cuban citizen?

The decision may depend on the log of the British frigate Tartar, which plucked the refugees from the boat April 30. Immigration officer Joseph Minton said Monday that Cmdr. B. C. G. Hutchings has been asked to report the longitude and latitude of the pickup.

If Barbara was born within three miles of the U.S. coast, she's American.

Barbara's parents, Mr. and Mrs. Andres Mejias, are hoping she'll be an American.

Escanaba 2nd In April Trade

Escanaba kept second place in the volume of business done by Upper Michigan cities in April, but was pressed by Iron Mountain, which showed a one per cent gain over April, 1963, while Escanaba reported no gain in business as indicated by bank debits.

The Federal Reserve Bank of Minneapolis which reports the debits, says they are for the most part checks against depositors' accounts and thus represent payments for goods, services, debts, etc.

Marquette led the U. P. with \$19.8 million in debits, a gain of 14 per cent over April, 1963 and the U. P. as a whole reported \$121.1 million in debits for no gain over April of last year, but in the cumulative index for the first four months of 1964 the U. P. shows a gain of 5 per cent.

Escanaba reported debits of \$13.9 million, Iron Mountain of \$12.2 million, Sault Ste. Marie of \$12.1 million for a loss of 4 per cent.

Other debits by millions included, with rate of gain or loss:

Menominee \$6.9; -9.
Calumet \$6.8; 13.
Ironwood \$6.2; 3.
Houghton \$6.2; -2.
Ishpeming \$6; -33.
Hancock \$5.7; 5.

Memorial Day Plans Set At Hermansville

HERMANVILLE — Plans for a Memorial Day observance at Hermansville and Faithorn were completed at the recent meeting of Leo Floriano American Legion Post at Camp Seven Legion Club rooms. Commander Woodrow Trudell will be officer of the day.

Rev. Fr. Patrick Frankard, pastor of St. Mary's Hermansville and St. Mary's Faithorn churches will be the speaker at both Hermansville and Faithorn cemeteries.

The program as announced by the Legion is as follows: 5 a. m. Flag Raising at half mast at Hermansville cemetery; 8 a. m. Legion members meet at Post Club rooms; 9:30, Memorial service at Faithorn cemetery; 10:30, Memorial service at Hermansville Lake for Naval dead; 11:00, Memorial service at Hermansville cemetery.

Order of march at the cemetery will be colors, band, firing squad, veterans, others. The program at the cemetery will include "Star Spangled Banner" and "Over There," by the Vulcan High School Band; Memorial prayer, Post Chaplain Harold Stecker; poem, "In Flanders Fields" by Commander Trudell; address, Rev. Frankard; roll call of deceased veterans by Commander Trudell; Sgt.-at-Arms Matt Gurgall placing wreath at Veterans Memorial; Salute the Dead, by the firing squad; Sgt. of Arms Gurgall raising flag to full mast. In event of rain only the firing squad will participate.

Original function of the ear was to preserve proper position, or balance, of the body in space, according to Encyclopedia Britannica.

K. JAMES PETERSON, son of Mr. and Mrs. Stanley Peterson, 331 N. 16th St., will graduate with honors from the College of St. Mary's, Winona, Minn., in commencement exercises Sunday. He will receive a Bachelor of Arts degree, with majors in history and economics and a minor in education. He is a 1960 graduate of Holy Name High School. A counselor at St. Mary's, he will enroll at Northern Michigan University in the fall to work for his Master's Degree and plans doctoral work later before starting a career in teaching.

Governor's Son Loses License, Pays \$23 Fine

LAWRENCE TOWNSHIP, N.J. (AP)—The 19-year-old son of Gov. Richard J. Hughes has surrendered his license to his father for 23 days and paid a \$23 fine for driving 23 miles an hour over a posted speed limit. John Hughes was charged May 11 with driving 48 miles an hour in a 25-mile zone in this community north of Trenton. He pleaded guilty before Magistrate Edmund Potkay Monday night and was fined \$23 plus \$5 court costs.

John then went home to the executive mansion in Princeton and reported to his father, a former judge, who had said he would lift his son's license one day for every mile he exceeded the speed limit.

Johnsons Attend \$100 Party For Democrat Chest

WASHINGTON (AP) — Democrats whoop it up for Lyndon and Lady Bird tonight, with a few extra cheers for Lynda and Luci.

The whole Johnson family will be on hand as some 6,000 party faithful help fatten the war chest for the presidential campaign next fall in a "Salute to President Lyndon B. Johnson."

They'll pay \$100 a ticket to cheer for the Johnsons in the National Guard Armory and to watch a star-filled show produced by composer and lyricist Richard Adler.

South Viet Nam Buddhists Join In Massive Rally

SAIGON, South Viet Nam (AP)—Hundreds of thousands of Buddhists in Saigon and Hue joined in massive but orderly religious rallies today to commemorate Buddha's birthday and the fiery Buddhist suicides that helped topple President Ngo Dinh Diem last year.

U.S. military authorities imposed an 8 p.m. to 6 a.m. curfew for American servicemen in Hue, 400 miles north of Saigon. A bloody riot there during the birthday celebration last year set off the Buddhist crisis for the Diem government.

Flint Man Killed In Gun Battle After Bar Holdup

GRAND RAPIDS (AP) — A gun battle in the wake of a holdup resulted today in the killing of a man identified by police as James E. Lilly, 40, of Flint.

Police said Lilly continued firing at a patrolman, even after being wounded in the right arm. The holdup netted \$300 from the Cozy Lounge bar.

Arrested and identified by police as a companion of Lilly was Thomas Blower, 40, also of Flint. He was captured on Grand Rapids' east side.

Laos Defenders Halt Red Drive

VIENTIANE, Laos (AP)—The Laotian neutralists claimed today that part of their army had launched a counterattack and driven the Communists back in the Muong Kheung sector northwest of the Plain de Jarres.

Gen. Amkha Soukhavong, neutralist military adviser to Premier Souvanna Phouma, said the Communists had been stopped 12 miles short of their next objective, Muong Soui, on a main east-west highway from the plain.

Unofficial reports told of clashes only seven miles from Muong Soui.

Amkha said a battalion of neutralist infantry, 19 tanks and 8 armored cars, which had been routed from their headquarters at Muong Kheung, on the northwest fringe of the strategic plain recaptured two-thirds of the sector.

Prince Souvanna warned the

National Assembly that if Muong Soui fell, the Communists would threaten the royal capital of Luang Prabang and Vang Vieng on the main road south to Vientiane.

Some 2,500 right-wing troops were spread out in a defense line above Borikhan, about 25 air miles east of Vientiane. The village is the last major right-wing defense point between an other Communist force and the rightist-controlled town of Pakxane, on the Mekong River border with Thailand.

Need For Deputy President Seen By Eisenhower

WASHINGTON (AP)—Declaring that "there should always be someone at the helm," former President Dwight D. Eisenhower says the vice president should have authority to take over the duties of a physically or mentally disabled president. And in the event the vice presidency is vacant the president should be empowered to appoint his second in command, Eisenhower said.

The former president told a national conference on presidential succession Monday of three occasions during his terms as president when he said he was physically unable to carry out his duties—during his 1955 heart attack, an ileitis attack in 1956 and a mild stroke in 1957.

But he said a disability need not be physical to create problems.

"Let's suppose," he said, "the president is a little bit wacky."

With the vice president acting as president, there would be time to get "expert medical and psychological advice" to determine whether the president was able to carry out his duties, Eisenhower added.

Congress should have the final decision, he said, in the event of a quarrel between the president and top government leaders on presidential disability.

Isabella Circle Mother-Daughter Party A Success

One of the outstanding parties of the season was that held last night at Marco's Starlite Room, the annual Mother-Daughter party for the Daughters of Isabella, Trinity Circle 462. Supper was served at 6:30 in smorgasbord style with 146 in attendance.

The table for the 11 members whose birthdays occur during month was attractive with floral centerpiece of spring flowers and lighted tapers. Individual cupcakes with candles were set at each place. "Happy Birthday" was sung by the group. Those recognized were Mesdames John Kintziger, Paul Brazeau, Fred Papineau, Henry Bunno, John Stockemer, Matt Decker, Rosia Barron, Henry Vandanaer, Ethel Mae Hennessy, Severin Buckland and W. R. Benson.

A musical program included: piano selections by Barbara LeMire, Beverly Swenson and Mary Margaret Primiski; accordion duet by Barry Larson and Lee Premo; and two vocal selections, "Mary at Thy Feet Is Kneeling" and "I Believe" by Mrs. Arthur Messier Sr., accompanied by Mrs. Clinton Groos. Cards of the players' choice with prize awards for each table followed. Several guest awards were given, also prizes to the oldest mother present, Mrs. Mary Derwin, and the youngest mother, Mrs. William Taylor.

Mrs. Herman Polmateer was chairman and Mrs. Francis Gray, co-chairman, with the assistance of a hostess committee.

Next business meeting will be Monday, June 8, with Mrs. Joseph LaFave, chairman.

FASHIONING attractive centerpieces for the Escanaba Welcome Wagon Newcomer's spring dinner dance, at the home of Mrs. Donald Tietz, 1412 10th Ave. S., are members of the committee on important arrangements for the affair. From the left are Mrs. Tietz, chairman of decorations, Mrs. Bruce Bockes, who is general chairman of the party, Mrs. Henry Neubert, chairman of tickets, Mrs. Ralph Kaziatek, Mrs. Richard Whitney and Mrs. Ronald Miller, who are assisting with decorations. The dinner dance will be held Saturday evening, June 6, at the Dells Supper Club and tickets may be obtained at Gust Asp's or Gartners. (Daily Press Photo)

Here's Roast Duck---Spanish Style

DUCK WITH OLIVES served with sherry.

By GAYNOR MADDOX

Newspaper Enterprise Assn.

We talked with Senor Carlos Cortes at the New York

World's Fair. He is chef of the internationally famous

Jockey Club in Madrid and is now director - general of restaurants in the Spanish pavilion.

He gave us a recipe for duck

Seville style and told us that duck is a very popular dish in Spain and that duck with

oranges was originally a Spanish creation, not French as many people think. He said

also that in Spain a very dry sherry is preferred before

meals and that cream sherries, mildly sweet, are served after meals. The proper toast when

drinking is "salud", pronounced "salood".

Pato A La Sevillana

(Duck with Olives, Seville Style) (Serves 6)

2 1/2 to 3 pound ducklings, cut up

2 teaspoons salt

2 tablespoons flour

6 tablespoons Spanish olive oil

1 small onion, minced

1 carrot, grated

2 tablespoons minced parsley

1/2 bay leaf

1/4 teaspoon thyme

1 cup Spanish sherry

1 cup canned beef gravy

1 cup small pimiento-stuffed green olives, well drained

Few drops of lemon juice

Remove as much fat from duck as possible before cooking. Shake pieces in bag with salt and flour. Sauté in 4

tablespoons of the olive oil, placing as many pieces in skillet at a time as it will hold. Remove each piece when crisply brown, transfer to larger shallow casserole. Pour off all fat from skillet, add 1/2 cup of the sherry, cook uncovered

over high heat until reduced 1/2.

Separately cook onion, carrot and herbs in 2 tablespoons olive oil until vegetables are soft. Add these to the essence in the skillet with remaining 1/2 cup sherry and the canned beef gravy. Bring to a boil, stir to blend well, simmer over low heat 5 minutes. Pour

sauce over duck in casserole, bake uncovered at 350 degrees for 1 hour, or until tender; or, if preferred, bake in advance for 45 minutes, turn off heat, complete baking shortly before dinner is to be served.

If the latter, skim off any fat which rises to top before duck is reheated, allow 25 minutes to complete baking. During last 15 minutes, add green olives, which have been well-drained then sprinkled with lemon juice. Just before serving, sprinkle minced parsley over top of duck. Serve accompanied by tender green peas delicately scented with mint and small new potatoes.

Altar Society Meets Wednesday

St. Joseph Altar Society will meet Wednesday at 8 p.m. in the parish hall. Mrs. Clinton Priest and Mrs. Walter Menard are social chairmen, assisted by a hostess committee, Mesdames Eva Bedard, Nick Bink, Zella Blake, Francis Boyce, Mae Grazeau, Art Giroux, Robert Gasman, Merle Gregory and Robert Finley. Miss Nancy Chaison and Miss Leona Krutch.

Some good cooks like to cook frozen whole-kernel corn in milk rather than in water.

Commemoration Day At Mackinaw City Sunday

MACKINAW CITY—The reconstructed historic Church of Ste. Anne de Michilimackinac, at Fort Michilimackinac in this village at the south end of the Mackinac Bridge, will be the scene of a special mass as noon May 31.

Later, at 2 p.m., the Jewish Historical Society of Michigan will unveil a plaque at the fort dedicated to Ezekiel Solomon, Michigan's first Jewish resident.

Both services are a part of Commemoration Day, the climax of a three-day observance of the Massacre at Fort Michilimackinac which occurred June 2, 1763 and which was a part of Chief Pontiac's attempt to drive the British from the entire Great Lakes area.

The Church of Ste. Anne de Michilimackinac, which will be nearly completed by May 31, is a major project in the restoration of the entire fort to its condition 200 years ago. Dedication of the church will be July 26.

The May 31 Special Mass at the fort will be said by Father Linus M. Schrems of St. Anthony's Church in Mackinaw City. As part of the service

Father Schrems will read a short history of the original church, prepared by Dr. Eugene T. Petersen, Director of Historic Projects, Mackinac Island State Park Commission.

Like Original

In style and appearance the new Ste. Anne de Michilimackinac is as nearly a duplicate of the original building as careful archaeological and historical research could make it. The eighteenth-century church was the center of the religious life of the Straits of Mackinac for almost 40 years. Priests ministered to the parish needs regularly until the mid-1760's and intermittently thereafter until the building was moved to Mackinac Island in 1781. The religious service held on Sunday, May 31, 1964, therefore, is probably the first performed on this site in some 200 years.

At 2 p.m., elsewhere in the fort, one of the Michigan Historical Commission's official state historical markers will be dedicated commemorating the first known Michigan Jewish Settler, Ezekiel Solomon. It is appropriate that this event should occur along with the services in the reconstructed Catholic Church. Solomon, although a devout Jew, was one of the residents of Michilimackinac who urged the British government in 1778 to see that a priest was assigned to serve the fort's Catholic population. Solomon served in the British army in the French and Indian War, and was one of the first British merchants at Michilimackinac. He survived the massacre of 1763 and for 40 years was among this area's leading citizens. The marker has been donated by the Jewish Historical Society of Michigan.

Marker Presentation

The Jewish Historical Society marker will be presented by Allen A. Warsen, Oak Park, Rabbi Emanuel Applebaum, president, and other officers of the Society will attend. The Mackinac Island State Park Commission, which also has jurisdiction over Fort Michilimackinac on the mainland, will be represented by Walter Murray, chairman, Detroit, and other members.

After the marker presentation ceremonies, all living descendants of people involved in the massacre will be invited to sign a scroll which will be placed in the fort. Many such descendants plan to attend. Reenactments of the historic

Church Events

Christian Science Society

"There is no power but of God." This Golden Text from Romans (ch. 13) establishes the theme of this Sunday's Bible Lesson at all Christian Science churches. The subject is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

Some of the Bible readings tell about the building of the wall at Jerusalem through Nehemiah's acknowledgment that "The God of heaven, he will prosper us" (Neh. 2).

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this: "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God" (p. 228).

First Presbyterian

Wednesday meetings at First United Presbyterian Church are Youth Choir at 3:40 p. m., Senior High Fellowship, 6:45 p. m.; Sanctuary Choir, 8 p. m.

Bethany Lutheran

The Senior Choir of Bethany Lutheran Church will meet for rehearsal Wednesday at 7 p. m. in the Youth Room. A coffee hour will follow.

Diet Need

Some investigators believe that iron shortage is one of the most serious lacks in American women's diets, according to Dr. Portia Morris, foods and nutrition specialist with the Michigan State University Cooperative Extension Service. She notes that the National Research Council has recommended increasing the daily intake of iron from 12 mg. to 15 mg. for the reproductive age female.

Women in this group will have to make added efforts to include iron-rich foods — meat (especially liver, heart and kidney), egg yolk, dark-green leafy vegetables, dried apricots and prunes, whole grain cereals — in their diet, she says.

Women's Activities

Kathy Sue Meredith, 1964 Maid of Cotton, will take on her international tour as ambassador for America's cotton industry a wardrobe created for her by top designers. Checked cotton gingham, is re-embroidered in squares of Schiffli embroidery (left) to highlight the simple shirt

shift designed by Eloise Curtis of David Styne Mrs. Pink and green printed textured cotton ensemble (center) was created for her by David Kidd of Arthur Jablow. Travel suit (right) by Ernst Strauss is in a novelty houndstooth check of black, gray and white, with new longer jacket.

Maid of Cotton Tours High in Sky

By HELEN HENNESSY

NEW YORK — (NEA) — Every year one lucky girl from a cotton-producing state is selected by a panel of judges to serve as fashion and good will ambassador for the American cotton industry here and abroad.

This year's Maid of Cotton, Kathy Sue Meredith of Andalusia, Ala., a 21-year-old student at Alabama College, will soon begin an international tour, taking with her a wardrobe especially made for her by outstanding American designers.

Her entire wardrobe is cotton and it's beautiful enough to set any young girl to wishing for it.

For travel, there is a suit in ombre black and white in a houndstooth pattern and another in cotton tweed in a small check pattern of green, beige and white.

Her sportswear includes duck deck pants, teamed with a sailcloth blazer and turtleneck sweater in stretch cotton knit and a lace beach ensemble of jacket and bathing suit.

Black and white are the predominant colors in her daytime clothes — black stripes on white for a two-piece dress and a black plaid cotton skirt worn with a white tucked blouse.

Other colors include blue cotton chiffon for a daytime shift, with a fuffle from neckline to hem, and a rich red in an ensemble of short jacket and fluid-line dress.

For evening, a long Black Watch plaid gingham Empire gown has ruffled sleeves and hemline. Other evening fashions are a long skirt and triangle scarf in brown and white printed voile, worn with a brown chiffon overblouse, and a long gown in black and white printed needlepoint pique, embroidered in jet.

This exquisite wardrobe

proves that the comfort and easy-care qualities of cotton can be effectively combined with style and beauty — a fact with which the Maid of Cotton will acquaint our friends abroad on her international tour.

Final Rinse

Some automatic dishwashers have a dispenser which automatically ejects a liquid "wetting agent" during the final rinse. A wetting agent, Michigan State University home economists explain, conditions the water so it will slide off the dishes quickly. This helps prevent spotting or streaking, especially in hard water areas. Most rinse ejectors hold a large enough supply to last for several weeks.

Women's Activities

Area Women Will Attend Meeting In Marquette

Eight Escanaba area women will attend the United Church Women Institute at Messiah Lutheran Church in Marquette Wednesday to consider ways of strengthening the local Council in its ecumenical church work and in the current study and action program, "Assignment: Race."

They are Mrs. N. L. Lindquist, local president of United Church Women, Mrs. George Bonfeld, Mrs. Anna Harrod, Miss Ellen Johnson, Mrs. Thomas Mannebach, Mrs. Donald Ness and from Bark River, Mrs. Alfred Anderson and Mrs. Stanley Peterson.

An inter-racial team of officers of the United Church Women of Michigan, headed by the new state president, Mrs. Robert Shields of Detroit, will travel over 1,500 miles to conduct Institutes in three Upper Peninsula cities, Sault Ste. Marie, Hancock and Marquette.

Other officers participating will be the program chairmen: Mrs. Earl Grice, Christian Social Relations; Mrs. George Cowlishaw, Christian World Missions; Mrs. DeWitt Baldwin, Christian World Relations, and the executive secretary, Mrs. William J. Hopper.

B. & P. W. Club Group Attends State Meeting

The Escanaba Business & Professional Women's Club was represented by a group of members at the 44th annual convention of the Michigan Federation of Business & Professional Women at the Statler-Hilton Hotel in Detroit May 22-23-24.

Attending were Jean Kasun, president of the local club, Nancy Pearson, Lucille Ulrich, chairman of World Affairs of the Michigan Federation and Caroline Nystrom.

Mabel R. McClanahan, treasurer of the National Federation, in her convention address, called upon the 900 women attending to help popularize the theory that it's a fine thing to be a square shooter, to make a square deal, to be square with the world and to look a fellowman square in the eye.

In urging the elevation of standards of dignity, honesty, loyalty and responsibility, she urged "a day's work for a day's pay; taking sick leave only when actually ill; advancing on one's own merit and ability, not by downgrading someone else or by personal pull."

She added, "When we speak of equal pay for equal work we must be sure it is equal work, or more than equal. We must strive to be superior, not average. America wasn't built by average men and women."

Lenore Romney, wife of Michigan's governor, another convention speaker, said, "The time is here, not for pessimism and despair but for a broad advance on many fronts."

"Woman has to be calm herself for the sake of all humanity. She must live in the present to the very fullest; be aware of the problems; creative in her contributions; aware of her role in education, religion and philosophy; and she must reach for higher tools as she sees herself more productive and more perfected."

Virginia Allan, National Federation president and past state president, attended the Saturday night banquet.

The western and country look for spring and summer is captured in these two designs by Russ. Colorful duo in stretch denim (left) features four-g. re skirt, saddle-stitched to accent back yoke and pocket and a gay long-sleeve top in checked stretch cotton. A bouquet of cool pastels is wrapped in country tweeds (right). Slim skirt and easy cardigan jacket are lightweight, textured linen-look rayon and cotton, keyed to a delicate floral print shirt.

Mr. And Mrs. L. J. Eis Mark Golden Wedding

Mr. and Mrs. L. J. Eis of 221 N. 11th St., long-time residents of Escanaba, celebrated their golden wedding anniversary May 21, at a gathering of family members and close friends at their home.

Missionary Society Meets At Calvary

The Women's Missionary Society of Calvary Baptist Church will hold a monthly meeting Thursday at 7:45 p.m. at the church.

The program, to be led by the president, Mrs. Ernest Erickson, will include a Ladies Trio number and a vocal duet by Miss Florence Poquette and Miss Janet Norczyk.

Speaker will be the Rev. Lyndon Magnusson of Gwinn who will show slides of the work at Gwinn which is supported by the Home Missions Department of the Baptist Conference.

Hostesses for the evening are Mrs. Robert Haack, Mrs. Guy King and Mrs. Fanny Kosky. All members and friends are invited.

When a recipe calls for cocoa, do not substitute cocoa mix; the latter is sweetened.

Cooking Hints

Sliced onion and apple plus brown sugar do a lot for sauerkraut; just simmer the combination in a big skillet. If you like, you may cook the onion and apple in a little butter or margarine before adding the kraut and sugar.

Final Meeting Of Year For PTA Council

The Escanaba Area Parent Teacher Association Council held its final meeting of the year last night at Webster School with Mrs. Carlton Johnson, president, presiding. Mrs. Leo Niquette reported on the recent state convention in Lansing, the theme of which was "Building the Child's Tomorrow - Purpose, Teamwork and Action."

Tentative plans were made for a workshop to be held in Escanaba as an aid to incoming officers of the local units.

Mrs. Glenn E. Matheson installed the 1964-65 Escanaba Council officers: Mrs. Niquette, president; Mrs. Merrill Carlson, 1st vice president; Mrs. Thomas Brayak, 2nd vice president; Mrs. William Miller, secretary; Mrs. Stanley Johnson, treasurer.

Mrs. Johnson, retiring president, was presented with a pin in recognition of her many years of service.

The social hour was in charge of Mrs. Leonard Erickson, Mrs. Joseph Gagne and Mrs. Joseph Frossard of Webster unit.

Church Events

First Methodist

Junior High MYF and the Senior Choir of First Methodist Church will meet Wednesday at 7 p.m. at the church. Following a short rehearsal, members of the Choir will go to the Dells Supper Club for the annual choir dinner, sponsored by the Official Board of the church.

Easiest tartar sauce of all: mix pickle relish with mayonnaise. Serve with fried scallops or shrimp or fried or broiled fish fillets.

Fellowship Will Have Picnic

The First Presbyterian Church Senior High Fellowship will hold a picnic, as a climax to the year's activities, Wednesday evening at Pioneer Trail Park. Next year's new members are cordially invited to attend this get-acquainted session. Each member is asked to furnish his own sack lunch and dessert will be furnished by the Fellowship. All should meet at the church at 5:30 p.m. for a short business meeting, prior to going out to the park.

Chapter Invited To Munising

Members of R. C. Hatheway Chapter 49, Order of the Eastern Star, have been invited by Munising Chapter 424 to attend the celebration of its 50th anniversary Saturday, June 13. Features will be a reception at 5:30 p.m. and a dinner at 6:30 p.m., honoring Catherine Booth, Grand Chapter Committee Woman. Reservations must be in by June 6 and may be made by calling Mrs. William Kammeier.

Shrimp And Yellow Rice

By CECILY BROWNSTONE
Associated Press Food Editor

What's more fascinating, to a dedicated cook, than regional dishes? And those delightful cookbooks published by groups of ladies to help along their good works, yield some of the best of these rules.

That's why we're borrowing from "I Gasparilla Cookbook" compiled by The Junior League of Tampa, Florida. In this informative collection, with its sturdy format, we found a recipe for Shrimp and Yellow Rice contributed by the Columbia Restaurant in Tampa. We've tasted the dish at that restaurant so we know how good it is. Here's our version of the recipe.

Shrimp With Yellow Rice

1 large clove garlic, peeled
1 1/2 teaspoon salt
1/4 cup olive oil
1 cup chopped onion
1 cup chopped green pepper
1 pound peeled and deveined shrimp (1 1/4 pounds before peeling)

1 can (1 pound) tomatoes
1 cup water or seafood broth
1/4 teaspoon saffron
1/4 teaspoon pepper
1/4 teaspoon yellow food coloring

1 cup converted-type rice
1 package (10 ounces) frozen green peas, cooked and drained

1 pimiento, cut into strips
Place garlic and salt on chopping board and mince garlic, mash with flat of knife or with a spoon to mix salt and garlic. Heat oil in a 2 1/2 quart casserole that may be used over surface heat. Add garlic and salt, onion and green pepper

AUTHENTIC Shrimp and yellow rice, adapted from Spanish cuisine.

and cook lightly; as onion begins to soften, add shrimp and continue cooking and stirring until shrimp turns firm and pink. Add tomatoes (including liquid in can), water, saffron, pepper, yellow food coloring and rice. Break up tomatoes into small pieces with a spoon. Bring liquid to a boil. Cover and bake in a moderate (350 degrees) oven 45 minutes, or until liquid is absorbed by rice. At the end of 35 minutes, remove cover, stir rice; add peas and pimiento strips arranging them in a pattern on top of mixture. Replace cover and continue cooking the remaining

10 minutes or until liquid is absorbed. Makes 4 generous servings.

Note: If seafood broth is used, salt may have to be reduced.

'First Place,' the ancient origin of the word protein has modern application as well. Ellen Edwards suggests that you look to weiners, bologna, salami, and many other sausage meats as a good source of this 'first place' nutrient, protein.

Ever sweeten fresh pineapple (for a fruit cup) with maple syrup? Good!

Isabella

Pink and Blue Shower

Mrs. Larry Gendron was guest of honor at a pink and blue shower Friday evening at the home of her aunt, Mrs. Adeline Segerstrom. Games were played with Mrs. Advind Sundin, in high, and Mrs. Arnold Turan, second in 500, Mrs. Charles Burton high in smear, Mrs. Alvina O'Connors high in canasta and Mrs. William Turan, high in buncio. A surprise gift went to Mrs. Leona Van

Damme. Mrs. Gendron was assisted by her sister, Mrs. Dale Hebert, in opening gifts. Among outside guests were Mesdames Frank Quinn, Rose Gendron, Leona Van Damme, Louis Van Damme, Ben Wiltz, Charles Burton, Leon Gendron, Peter Stock, Marlene Schrader, Leonard LeFleur, Westley Turan, Ellsworth Turan, Arnold Turan and William Turan.

Mrs. Adeline Segerstrom spent the weekend in Detroit at the home of her daughter,

Mrs. Keith Beauchamp. Mrs. Charles Blowers is visiting relatives in Terre Haute, Ind., and also in parts of Texas.

NEUTRAL LOOK

Beige, like many olive greens once were considered fashion dynamite as a background for most complexions. However, beige and many neutral shades are becoming important in the fashion world. You can wear these colors if you accentuate your make-up rather than play it down.

Select a foundation that con-

tains a greater amount of rose tone than you normally wear with other colors. Emphasize your eyes with green, blue and lilac eye shadow, use an eyeliner and mascara rather than leave your eyes untouched. When selecting a lipstick use a vibrant shade but one that complements your complexion and a slight touch of rouge.

You may be able to remove the stains of tarnish from that pewter piece by rubbing with a cloth dampened with salad oil and dipped into whitening.

Barbecue Butter Quickly Made

By CECILY BROWNSTONE esting partner to an everyday WE'VE SAID it before and meat or fish can do a lot for a we're saying it again: An inter-meal.

BARBECUE BUTTER — Quick to make, and a festive accompaniment for everyday meat or fish.

So if you enjoy being known as an imaginative and enterprising cook, take stock of new ideas for go-alongs or invent your own. When you try or innovate new recipes, put those that live up to their promise in a permanent file so they'll be right at hand when you want to use them again. They may become specialties of your house.

Here's the latest go-along we've tried. Our tasters voted for it, and we give it a high rating because it's versatile has professional-type texture and flavor.

Barbecue butter enhances baked ham, boneless pork shoulder butt, smoked tongue and corned beef; it's delicious with roast veal, lamb or beef. Fish—baked, broiled or fried—also benefits from this relish.

BARBECUE BUTTER

1 can (1 pound, 14 ounces) fruit cocktail
 1/2 cup seedless raisins
 1/2 cup minced onion
 1/4 cup dark brown sugar
 1/4 cup cider vinegar
 1 tablespoon chopped candied ginger
 1/2 teaspoon salt
 1/8 teaspoon garlic powder
 1 teaspoon pickling spice and 1 stick cinnamon tied in a bag.

Drain fruit cocktail and reserve. Mix syrup with remaining ingredients; simmer until thickened, stirring occasionally—30 to 35 minutes. Sieve reserved fruit cocktail or whir in blender to consistency of applesauce; add to hot syrup mixture; simmer for 15 to 20 minutes. Remove spice bag. Serve warm or chilled with meat or

Social-Club

Choir Picnic

Members of the Chancel Choir will meet at Central Methodist Church at 6 p. m. Wednesday to leave for their annual choir picnic to be held at the cottage of Francis Bolm.

Senior Citizens

Senior Citizen Social Club will hold its regular meeting Thursday, instead of Wednesday, at 7:30 p. m. at Club 314. The usual entertainment will be followed by lunch.

Soft Detergent

Homemakers can be on the lookout for "soft" detergents, according to Georgianne Baker, Michigan State University home economist. Technically called "biodegradable," these detergents break down faster in sewage treatment and thus help to eliminate the foam which, the industry contends, is not actually harmful but may be objectionable from an esthetic standpoint.

Some soft detergents are beginning to appear on the market now, Miss Baker notes. The detergent industry has promised full distribution of soft detergents by the end of 1965.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

fish. Makes about 3 cups. To store, turn into tightly covered jar and refrigerate.

Women are getting married at a faster rate than ever before. And unless the new husband is restricted by his job or military service, the couple usually goes on a wedding trip. The average time taken is two weeks, and during this time the bride wants to look her best.

A big shocker recently was seeing youthful brides at an island resort with their hair in rollers all day. Their hair was very becoming at night, but this is hardly a way to start a marriage. Even the cutest bathing suit couldn't compete with a headful of plastic.

On your wedding trip, you want to protect your hair against the wind, overexposure to sun and salt or chemically-treated swimming pool water. Your going-away kit should include, a liquid cream shampoo, hair conditioner and a hair spray. Also have a beach hat and pretty scarf handy.

In the course of the trip if you shampoo your hair yourself, work in two tablespoonfuls of protein cream conditioner after towel drying your hair. Comb this through your hair and let the conditioner work for 15 minutes to half an hour.

Now rinse your hair in lukewarm water, set and dry. Such treatment will keep your hair from looking like a haystack when you return from your trip.

If you don't shampoo, you can set your hair quickly by putting your hair up on rollers and spraying it with a hair spray. This will dry quickly so you can comb out your set and not have to leave your hair in rollers.

Bride on her wedding trip does her grooming as inconspicuously as possible so she won't irritate new mate. Her hair takes a beating when the couple takes part in outdoor sports in a resort area. To check sun and water damage, this bride uses a proteinized hair conditioner (inset) after a quick shampoo.

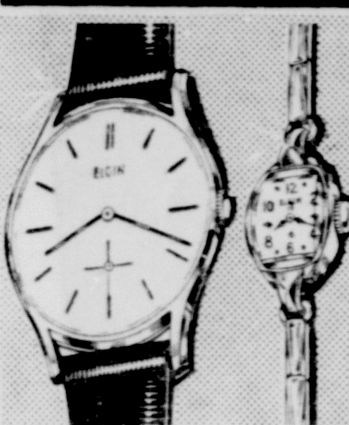

CLOSET SAFETY

With small children in the home, and the ever-present possibility that one of them might use a closet as a hiding place during a game, be sure that all closets have at least one inch of air space at the bottom of the doors.

BISHOP THOMAS L. NOA of the Catholic diocese of Marquette and his attendants walk about the extension of the new Our Lady of Lourdes Church in Engadine on Sunday to bless the edifice. A native of Engadine, Fr. Lawrence Linck of Negaunee, was deacon of the Mass and Fr. Joseph Callari of Newberry was subdeacon. Fr. Arthur J. Parrota is pastor and offered the dedicatory Mass. (Daily Press Photo)

New Engadine Church Blessed

At ceremonies attended by 350 persons Sunday, the new Our Lady of Lourdes Church in Engadine was blessed and dedicated to the "honor and glory of God and the salvation of man" by the Most Rev. Thomas L. Noa, D.D., Ph.D., bishop of Marquette.

The Rev. Arthur J. Parrota, pastor of the parish of 55 families, officiated at the Mass which followed the outdoor ceremonies in which the Bishop blessed the cornerstone and then the exterior and interior of the 53 by 92-foot buff brick and stone edifice.

A large bell with copper cross tops the structure which has a church hall in the rear. Folding doors, beneath the choir loft, can be used to open it for additional seating capacity.

Handcarved statuary from Italy, by Vincenzo Grace the altars of the attractive church. Varnished spruce deck lumber is used for the ceiling.

Many Priests Attend

A native Engadine man, the Rev. Lawrence Linck of Negaunee was deacon for the ceremonies and the Rev. Joseph Callari of Newberry was subdeacon. Masters of ceremonies were the Rev. Dominic Zadra of Marquette and the Rev. Terrence Donnelly of Manistique.

Assisting at the Bishop's throne were Fr. Patrick Stephen Wisneske of Loretto, Fr. Aloysius E. Ehlinger of Newberry and Msgr. Oliver J. O'Callaghan of Sault Ste. Marie. Altar boys assisting the bishop with candle, mitre, crosier, book, and train were Lawrence, Charles,

Joseph and Thomas Vallier, and Kenneth Kleeman.

Music of the Mass was by the Children's Choir of Newberry, directed by Dominican Sisters, with the Rev. Otto Sartorelli, diocesan music director at the organ. Thirty-five Dominican Sisters from U.P. parishes attended. Dominican Sisters teach the catechetical school at Engadine.

Knights of Columbus from St. Ignace Assembly 2177 with Walter Litzner as faithful navigator formed the guard of honor. Parade marshal was Robert Belongia of St. Ignace.

Participating in the rites were 40 diocesan priests and five monsignori, Albert C. Pellissier of Iron Mountain, Bernard A. Karol of St. Ignace, Martin B. Melican, Escanaba, Oliver O'Callaghan of Sault Ste. Marie and F. M. Scheringer, Manistique.

Feast Of Trinity

In his sermon, Father Parrota noted appropriateness of the dedication on the feast of the Most Holy Trinity, and Bishop Noa, speaking afterwards expressed appreciation for the attendance of so many sisters and priests and lay persons at the dedication, to honor Father Parrota and his co-workers for their efforts, cooperation and the "skill, efficiency, faith and loyalty" with which the new church was built.

The dedication on a Sunday when a feast of deep significance was being observed, the meaning of the sign of the Cross as expression of belief in the Father, Son, and Holy Spirit, one God in three Divine persons, and the meaning of prayer and the liturgy were discussed by Bishop Noa. Next to love of God is the second greatest commandment, love of neighbor, he pointed out.

Kenneth Hancock, Engadine bricklayer laid the red granite cornerstone in place following the blessing by the Bishop. Both interior and exterior of the building were blessed in the ceremonies. Roger St. Andre led the opening procession with Darryl Houghton and Gary St. Andre as candlebearers.

Dinner Follows

Parishioners worked five months constructing the new church, which replaces an older structure torn away earlier. A generous contribution was received from the Catholic Church Extension Society of Chicago to aid in the construction.

Father Parrota has noted "It was wonderful to receive the many expressions of encouragement, the many hours of hard work — all donated, and the financial contributions, from those not of our Faith as well as those that are of our Faith. Please accept our sincerest thanks. Know, too, that none shall be forgotten."

An open house followed, after which a supper was served in Garfield Township Hall by women of St. Stephen Church, Naubinway, St. Timothy, Curtis, St. Joseph, Gould City and Our Lady of Lourdes. Yvonne Feneley provided dinner music. Sunday masses are offered in the new church at 9:30 a.m.

Scholarship Won By Cheryl Stade

Miss Cheryl Stade, daughter of Mr. and Mrs. Lowell R. Stade, 916 Montana Ave., a student at Western Michigan University, Kalamazoo, is the recipient of a standards board scholarship awarded by the women's student government on the basis of academic achievement.

Cheryl is a 1961 graduate of Gladstone High School and will be a senior at Western next year. She was one of 47 applicants for the scholarship and the presentation was made at a spring breakfast at the Student Union on May 16.

GLADSTONE

Gladstone Plans Industrial Fund

The Gladstone City Commission voted to establish an industrial development fund at the open hearing on the proposed budget held at the City Hall Monday evening.

By levying an additional 1 mill tax assessment a sum of approximately \$7,700 will be raised to assist new industries desiring to come to Gladstone. The proposed budget calls for a total expenditure of \$644,950 and will be increased to \$741,950 with the 14 mill levy.

Commissioner Frank Stupak pointed out that since the 2 mill levy for the Delta County jail will not be in effect this year, the 1 mill increase in local taxes will not increase the 1964 tax bill in total for Gladstone residents.

The budget also includes a 5 cents an hour increase in city employees' wages and \$2 per week for salaried employees.

Public hearing and final adoption of the appropriation ordinance will be held June 8 at the City Hall.

The budget was adopted without any objections being received from the public.

City Manager H. J. Henrickson reported on the shuffle board courts requested for senior citizens. One court will be developed at a cost of approximately \$250 in the city parking lot across from the City Hall. The two existing courts at Van Cleve Park near the beach house will be restored to playing condition.

There was but one bid received for the city police car, and the contract was awarded to Beaudry Chevrolet for a net total of \$1,300.

MacGillis & Gibbs presented the lowest bid for city light poles and was awarded the contract for \$2,191.95 FOB Gladstone. Eleven bids were received.

Eleven power plant coal bids were opened and will be checked by the city manager with a report at the next meeting.

A request was granted to Mrs. Norman Cole for return of contributions to the retirement fund made by her late husband. The city manager was instructed to investigate the possibility of further insurance to cover city personnel who are not covered by social security.

Bids for the sewer project will be opened at 4 p.m. Wednesday, June 10, and contracts will be awarded at a meeting of the Commission with engineers that evening.

Bids for the bond issue to finance the sewer project will be opened June 15.

The city manager was commended for his 40 years of service to the City, which he completed on May 17.

At Bethel Church

The Women's Missionary Society of Bethel Evangelical Free Church will meet at the church at 2:30 p.m. Wednesday. The Rev. Reuben Carlson, pastor of First Lutheran Church will be the speaker. The program will include vocal selections by Mrs. Russell DeWitt and Mrs. William Holmstrom and a reading by Mrs. Larry Ott. Mrs. Harry Erickson and Mrs. Robert Vietzke will be the hostesses. Visitors are invited to attend.

HE WAS EVERYWHERE

DES MOINES, Iowa (AP)—While in Germany on business, Edward Bird of Des Moines visited a town which was captured in World War II by the battalion which Bird had commanded.

Bird returned to the mayor the town's flag, which had been taken as a souvenir.

The mayor expressed gratitude, then asked Bird if it would be possible to locate "an American soldier who carved his name" in the organ of one of the community's churches.

Bird asked the soldier's name, and came the reply: "Kilroy."

Graduate Talks To Rotarians

Thomas Butch, son of Mr. and Mrs. Joseph Butch, a recent graduate of the University of Michigan was the speaker at the Monday noon meeting of the Gladstone Rotary Club.

Butch spoke on the theme: "What Is a University, and What is a University Student?" Following his discussion there was opportunity for questions by club members. The speaker was introduced by the program chairman for the day, Wallace C. Cameron.

Visitors from the Escanaba Rotary Club were John Lemmer, Arthur Moberg, and Isadore Stein.

James T. Jones introduced the two high school seniors, Thomas Brock and Victor Harris, and read the autobiographies prepared by the boys.

President Wilbur Montgomery invited committee chairmen to meet with him at his home on Thursday evening at 7 p.m. to help plan club work for the next year.

Members were reminded of a meeting on Tuesday, June 9 at Munising.

Personals

Mrs. James Wickenden left for Toronto after attending the funeral of her brother, Arnold Green of Gladstone.

In This Corner

with Roy Crandall

Dan Wesoloski, Menominee freshman who fired a no-hitter at the Escanaba Eskymos earlier this season, was one of the stars of the Menominee Little League team that advanced to the regional finals several years ago. . . . He has a number of no-hit pitching performances to his credit in Little League and Babe Ruth competition.

Jay Dishow, former Iron Mountain quarterback, guided the White team to a 16-8 victory over the Blacks in Michigan Tech's intrasquad game last week. . . . Dishow tossed one touchdown pass and two extra points.

The same disqualification that cost Iron River its regional track and field championship last week was uncovered in a check on the results of the Menominee Range Conference meet which was held earlier in the season. . . . Iron River had won the conference meet by edging Kingsford by one point. . . . The revised point total gave Kingsford the conference crown with 58 points and dropped Iron River to third behind Iron Mountain.

Jim Maki, former star athlete at Newberry, was the outstanding individual in a recent track meet between Soo Tech and Northern Michigan. . . . Maki of Tech won the 440 yard dash and the half mile and placed second in the high jump. . . . Northern won the meet, 75-55.

The Stambaugh Hilltoppers captured their seventh consecutive Menominee Range Conference tennis championship over the weekend, scoring 16½ points to 11½ for runnerup Kingsford. . . . Ron Shogquist of Stambaugh topped the conference singles championship while Bob Staple and Gene Kangas of Kingsford won the doubles crown.

The latest coaching change among Upper Peninsula high schools comes from Negaunee where Bob Herman has been granted a year's leave of absence to accept a National Defense Education Act grant in guidance and counseling at the University of Michigan.

Landis Out Of Doghouse To Lead Chisox Victory

By The Associated Press

Jim Landis, the hitting man's Jim Brosnan, has closed the book on his squabble with the Chicago White Sox and started to author an impressive batting average.

Landis, only four days removed from the White Sox doghouse, led off the seventh inning Monday night with his first homer of the season, a pinch-hit job that triggered Chicago's American League leaders to a four-run rally and a 7-4 victory over Kansas City.

It was the fourth hit in seven at-bats for Landis since a peace parley with Manager Al Lopez settled a dispute that threatened to wind up in a cause celebre almost as big as the one that

cost pitcher-author Brosnan his job with the club.

Landis got off on the wrong foot this season when he had an argument with General Manager Ed Short over fees for television appearances. Landis wound up asking to be traded. Lopez countered by keeping the 30-year-old outfielder on the bench.

Up until last Thursday, Landis had been to the plate only five times. Then Lopez and Landis, who hit .272 when the White Sox won the pennant in 1959 but only .228 and .225 the last two years,

got together to work out the problem.

"I felt a little odd about being out for so long," said Landis after lifting his average to .417 with the homer. "But I wasn't worried about getting out of shape, because I'm thin anyway and I was taking batting practice every day."

While Landis boosted his average, Minnesota rookie Tony Oliva raised the league's leading average to .391 with a 3-for-4 performance and Jimmie Hall stroked four hits in a 16-hit attack that carried the Twins to an 8-1 triumph over the Los Angeles Angels.

Elsewhere, Bill Freehan drove in two runs with a homer and double as Detroit whipped Baltimore 5-3 and Boston turned two errors into three unearned runs and a 6-5 victory over Washington.

Cleveland and the New York Yankees were not scheduled while the entire National League was idle.

Landis, batting for starter Gary Peters, tied the score 3-3 and the White Sox took it from there. Al Weis then singled, moved around to third on a balk and an infield out and scored the tie-breaker on Pete Ward's single before Ron Hansen wrapped up the outburst with a two-run homer.

Ward and J. C. Martin also

Argentina Gets Olympic Berth

LIMA, Peru (AP)—Argentina was declared the winner and the pre-Olympic soccer tournament was suspended Monday following the riots that left hundreds dead in the Sunday Argentina-Peru match.

The tourney was held to determine two teams for the Tokyo Olympics.

Argentina was unbeaten in five games and had 10 points. Second place and the second team to go to Tokyo will be decided in a playoff between Peru and Brazil June 7.

Peru and Brazil each had five points before the tourney was suspended.

Tiger Show Fan Increase

DETROIT (AP)—Home attendance for the Detroit Tigers is up 22,277 over 1963, according to American League statistics released today.

For the first 15 home games this season, Detroit has drawn 182,699 fans compared with 160,422 at the same point last year. This is an average of about 12,000 fans a game compared to about 10,000 for the same period in 1963.

Tigers To Face Flame Thrower

BALTIMORE (AP)—The Detroit Tigers will have to get by a flame-thrower tonight to win their third straight game.

Baltimore is sending fast-balling rookie Wally Bunker to the mound against southpaw Mickey Lolich in the second game of a three-game series.

Bunker, a 19-year-old right-hander, has polished off his first four foes. His only American League defeat came at the hands of Detroit last year.

The Tigers got a dazzling relief performance from Ed Rakow Monday night as they stopped the high-flying Orioles, 5-3. Bill Freehan's batting muscle also was a big factor.

Freehan drove in two runs with his fourth homer and a double and Rakow fired 5-1-3 innings of shutout pitching to pick up his first victory of the season.

Doubles by Jerry Lumpe and Freehan, plus Don Demeter's single gave Detroit a 2-0 lead in the first inning. Baltimore tied the score with single runs off starter Hank Aguirre in the second and third.

Freehan's homer, and a run-scoring single by George Thomas made it 4-2 in the fourth.

Aguirre left with two out in

the last half of the inning after committing a costly balk. It let in a Baltimore run. Dick Brown scored after bunting out a single, taking second on a sacrifice and moving to third on Luis Aparicio's bunt single.

Rakow entered the game at this point and blanked the Orioles on two hits and a walk the rest of the way. The right-hander fanned four in picking up his first victory in a Detroit uniform after dropping three straight starting assignments.

Part of his trouble had been a sore arm which has bothered him since spring training.

"I was pitching instead of throwing," said Rakow afterwards. "And when you're a pitcher instead of a thrower, it hurts only a little."

The losing pitcher was Southpaw Steve Barber, a 20-game winner last season. He now stands at 0-2.

Souchak Fails To Make 'Open'

By The Associated Press

Just when burly Mike Souchak, the old Duke football place-kicker, thought he had his golf game back in shape after a two-year slump he got thrown for a loss.

Mike was the biggest casualty as a field of about 2,000 started on the long qualifying trail to the U.S. Open at Washington, June 18-20.

Local qualifying rounds over 36 holes were staged at 54 courses Monday. Three more tests will be held today, all in the metropolitan New York area.

A total of 428 golfers will ad-

vance to the sectional qualifying rounds scheduled for June 8-9.

Twenty-one players, including defending champion Julius Boros and recent champions Arnold Palmer, Jack Nicklaus, Bill Casper and Gene Littler, are exempt from all qualifying, and 45 others were allowed to skip the local test.

Souchak's failure was the most noteworthy. Another was Bill Hyndman III, Walker Cupper and former runner-up in both the U.S. and British amateurs. He missed at Ambler, Pa.

In Phoenix, Frank Stranahan, former British Amateur champion and veteran pro tourist, failed to qualify when he soared to 73-86-159.

Nearly all other name players advanced.

Big Mike had expected to have little trouble. He tried at Memphis, scene of the Memphis Open last week which he won with a 72-hole score of 270, lowest on the tour this year.

That was Souchak's second victory in five weeks, and put him sixth on the money list with more than \$22,000.

It had been a long dry spell for Souchak since he was the halfway leader in the 1960 Open and a factor in 1961. Souchak finished three strokes back of the leader in both those years.

But the best he could do Monday was 73-74-147. There were 39 qualifying spots at Memphis, but it took 145 to get one.

Gay Brewer, tied for fourth in the Memphis Open, led the big field with 67-68-135.

Among the others who qualified there were: Jerry Pittman, 136; Fred Haas, Ken Venturi and Bill Collins, 138; Al Besselink and Bruce Devlin of Australia, 139; Joe Campbell, 141; Bill Dunk of Australia, 142; Phil Rodgers, Dave Thomas of England and Bob Duden, 143; Rex Baxter and Bob Verwey of South Africa, 144.

Barnum Gets Spot In Open

GRAND RAPIDS (AP)—Veteran pro John Barnum barely qualified on his home Blythfield course Monday in the sectional tryouts for the National Open golf tournament.

Barnum fired 76-68-144 to tie with amateur Harold Brink and Grand Rapids pro Gordon Carlson. Brink shot 70-74-144 and Carlson 71-73-144. They played off for the final two spots in the Franklin Hills qualifying. Carlson hit his tee shot out of bounds on the first hole and Brink and Barnum parred it for the two spots.

Carl Loren of Jackson shot 73-68-141 and Spring Lake amateur Cliff Taylor 67-74-141 for the first two places.

Leaders at the Franklin Hills qualifying June 9 will go on to the National Open in Washington.

Yesterday's Stars

By The Associated Press

BATTING — Jimmie Hall, Twins, stroked four hits and drove in three runs, leading 16th hit attack that overwhelmed Los Angeles Angels 8-1.

PITCHING — Ed Rakow, Tigers, limited Baltimore to two hits over final 5-1-3 innings, preserving 5-3 victory over Orioles.

"What you don't know about car insurance can cost you money," says Nationwide

Nationwide Insurance reveals some little known facts to help you get better protection for less money - if you're a careful driver.

AMERICANS spend \$6 billion a year on car insurance. Yet most people hardly know a thing about what they're buying.

Nationwide agents make a point of giving their customers all the facts, and we believe in doing the same thing in our advertising. Here are answers to some of the most often-asked questions about car insurance.

1. Will I get the same rates from all companies?
No. You may be surprised to learn that there is a considerable difference between companies.

Some companies such as the Nationwide companies are much fussier than others about whom they insure. They accept only people with good driving records. As a result, they can charge less because they have fewer accident claims to pay.

If you're looking for car insurance, be sure to talk to a Nationwide man. There's a good chance he can offer a better deal on car insurance than his competition.

2. Are there different ways of figuring my rates?
Yes. Few people realize there are two kinds of rating plans. They are "non-variable" and "variable."

"Non-variable" is the most popular kind. Your policy is based on flat rates which do not depend on your driving record.

"Variable" is the "merit-demerit" plan. The more accidents you have, the higher your rates. The fewer accidents, the lower your rates.

Here in Michigan, the Nationwide companies sell both kinds.

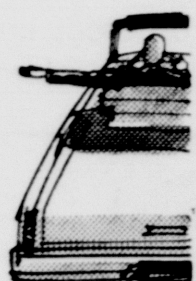

3. Why do men under 25 pay such high rates?
Drivers in this age group have a much higher percentage of accidents than drivers in any other age group. And these young drivers have worse accidents, too.

NOTE: Nationwide knows that not all males under 25 are careless drivers. We were the first insurance company to offer lower rates to young men who complete a qualified driver training course.

4. What factors besides age affect rates?
Several. The year of your car. Your occupation. The size of your town. How much you use your car. These things all count.

Keep your agent up-to-date on all points. For example, be sure to tell him if you move. Many people don't, and are paying a lot more than they should for car insurance.

5. Can a careful driver save money?
Yes. A person with a good driving record can almost always qualify for insurance with a company like Nationwide. Nationwide can save a careful driver as much as \$40 a year, or more.

6. How do companies decide who's a careful driver?
As yet no company has come up with a foolproof way of deciding. However, we are finding that careful drivers have certain things in common. For instance, they drive less than 20 miles to and from work. They've been in the same line of work for the past five years. And they're married.

Some of these things may not seem to have much to do with how well you drive, but we find they go together with an accident-free driving record.

7. Do women drivers pay less than men?
Women over 25 pay the same as men. Women under 25 pay anywhere from 10 to 63 percent less than men in this age group. The reason? Young women have fewer accidents than young men. Our records prove it!

8. Why have my rates gone up even though I've never had an accident?
Because insurance companies are paying out more money in claims than ever before. How come? There are more cars on the road than ever before (about 22 cars for every mile of road). There are more accidents per 100 cars. Cars cost more to repair. Juries are awarding bigger settlements.

As long as insurance companies have to pay out more, they have to take in more. Result: you pay higher rates.

9. What if I'm hit by a driver with no insurance?
You can now buy insurance that will protect you if this happens. It's called Uninsured Motorists Coverage. You can add this protection to a Nationwide policy for just a few dollars.

10. Do some insurance companies offer faster claim service than others?
Yes. But most companies today offer excellent claim service. They have to or they wouldn't stay in business.

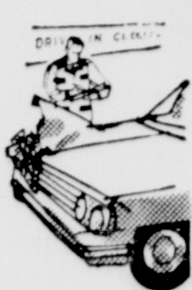

Nationwide is the second largest mutual car insurer in the world. We think one reason we've gotten so big is that we pay over half of all our claims within 24 hours after proof of loss. Nearly two-thirds of all claims within 72 hours.

Amazing record for fast claim settlement

We believe our Nationwide drive-in claims station in Columbus holds the world record for fast payment.

A man driving in for a damage estimate misjudged the distance between his car and our doorway. The result: a fresh crease in his fender.

Time between accident and payment - four minutes.

11. Do all insurance companies have drive-in claims stations?
No. Only a few. Nationwide introduced the country's first drive-in claims station in 1954. We now have them in 48 cities. They are saving people time and trouble.

12. Can I lower my rates?
There's a good chance you can. Here are some things you can do:

► Take a larger deductible amount on your collision coverage. This will lower your premium. Example: collision coverage with \$100 deductible may cost you 25 to 30 percent less than the same coverage with \$50 deductible.

► If you have a boy in high school who drives your car, enroll him in his school's driver training course. This may lower your liability rates 5 to 15 percent.

► If you own two cars, be sure they are both insured with the same company. You may get a discount. Nationwide generally offers a 10 percent discount for both cars.

► If you think you're a careful driver, and you have a good driving record, be sure to give Nationwide a try. You may find that we can save you some of your hard-earned money.

If you have any questions that are not answered in this advertisement, check the Yellow Pages for the number of a Nationwide agent.

He'll give you the same kind of no-nonsense answers that you've been reading here.

What Is This Hockey Thing?

(Third in a series of articles about the efforts of the U. P. Hockey Club to field a team in the United States Hockey League as told to Mining Journal Sports Editor Allan Coles by J. Allen Russell, a director of the club.)

One of the more exciting aspects of any hockey league is rivalry, and the entry of the Upper Peninsula Hockey Club's team in the United States Hockey League this year, should enough tickets be sold to meet provisions of the club's franchise, would without doubt produce some of the fiercest rivalry in the league, particularly with the Green Bay Bobcats.

The Bobcats are naturals for a continuing rivalry with an Upper Peninsula squad. The Bobcats are relatively close geographically and possess a background similar to that possessed by the planned U. P. entry.

The Bobcats organized in 1958, joining the Mid-American Hockey League. They started out with four straight defeats, but ironically enough, rebounded to win their first game against the Marquette Sentinels, 7-1, in December of 1958. They've been winning ever since, and have never come remotely close to a losing season, thanks to top-notch management and coaching.

In 1959-60, the Bobcats were in the Central Hockey League, and took the championship, building a 40-8 season record. In 1960-61, they went independent and racked up a 30-6-3 slate for the season.

In 1961-62, the Bobcats won 21 and lost eight, and in 1962-63, came up with 25 wins, seven losses and the United States Hockey League title.

Rivalry with Marquette entries continued through these seasons in 1958-59, the Bobcats downed the Marquette Sentinels three games to none for the Gibson Cup, and the following season beat Marquette four games to none in the U. S. Central League semi-finals.

In addition to the U.S.C.L. and U.S.H.L. titles, the Bobcats won the Mid-American League championship in 1958-59, defeated four foreign champions, mounted an impressive 5-3-1 record against International League competition in 1961-62 and defeated Norway's Nationals, 7-6, the same season.

The Bobcat playing roster includes two Upper Peninsula players. Gerry Frenette of Hancock played his third season in 1963-64 for the Bobcats, and Houghton's Ken Ruohonen played his fifth. Six Canadians and five Minnesotans make up the remainder of the squad.

Also expected to be on the roster this year after a stint with the U. S. Olympic team is Paul Coppo of Houghton, one of the Bobcats' top scorers.

Eskymo Notch 3-0 Win Over Flivvers

Coach Harold Johnson's Escanaba Eskymos closed out the home portion of their 1964 baseball season Monday with a tidy 3-0 triumph over the Kingsford Flivvers.

Escanaba gave senior Wally Schultz a 2-0 pad in the first

inning and it was all the lanky righthander needed.

Schultz limited Kingsford to a pair of singles, one an infield dribbler, and chalked up five strikeouts victims. He gave up three walks. The Eskymos committed only one miscue in the field.

The Flivvers went with freshman Tom Johnson all the way on the mound. Johnson allowed five hits, fanned four and granted two walks.

Center fielder Jerry Hanson led off the first inning with a single and the Eskymos collected their first two runs as Mike Kositzky and Schultz followed with hits.

Escanaba's third run came in

Mechanics Busy Checking Motors

INDIANAPOLIS (AP)—Thirty-three of the world's fastest race cars were just assortments of high-priced parts today as the silence that precedes the 500-mile Memorial Day race hung over the Indianapolis Motor Speedway.

Mechanics and crewmen were going over the temperamental brutes part by part, looking for defects and signs of wear that could mean the difference between victory and a place far down the finish list Saturday.

The loudest sounds were the mutterings of mechanics and the click of golf balls on the Speedway golf course, half of which lies inside the track.

The cars will get back on the track again only briefly Thursday for carburetion tests. Then the silence will fall over the old track again until race time—11 a.m., EST Saturday.

Fight Results

Lane, Zaremba To See Action

LONDON (AP)—Fighters Kenny Lane and Ed Zaremba of Michigan are up for bouts this week and next month, respectively in British Isles rings.

Zaremba, Jackson veteran, meets former world middleweight champion Terry Downes of Britain at Glasgow Thursday. Downes will be fighting as a light heavyweight.

Britain's lightweight champion, Dave Charnley, signed Monday for a 10-round bout with Lane, Muskegon southpaw, at London's Wembley Indoor Stadium June 2.

Charnley will sub for Brian Curvis of Wales. Curvis has an injured heel.

Charnley says if he beats Lane he hopes to challenge world champion Carlos Ortiz. Ortiz recently defeated Lane in a title match.

Sports In Brief

ANN ARBOR (AP)—Kent Bernard, 440-yard Big Ten champion, was elected the University of Michigan 1965 track team captain Monday and Pete Passink was voted captain of the Wolverine golf team for next year.

DAVE KOSITZKY, Escanaba shortstop, starts a slide into home plate in a prep baseball game against Kingsford here Monday. The throw nipped the Escanaba runner but the Eskymos scored a 3-0 victory over the Flivvers. (Daily Press Photo)

Monday Results
Teamsters 1, Flat Rock 0
Skinny's 10, No. 3 Mead 0
Games Tonight
6:45 - Bero Motors vs. Mead No. 1
8:15 - Hamms-Merchants vs. Teamsters

A pair of shutouts were posted in Escanaba softball league action at Memorial Field Monday night with the new Teamsters and Skinny's Bar teams on the winning side of the ledger. Teamsters blanked Flat Rock 1-0 behind a three-hit mound performance by Jack Berglund. Skinny's polished off Mead No. 3 by a 10-0 margin with Jim Way chucking a one-hitter. The Teamsters picked up their winning run off Billy Smith in the seventh when Bob Wellman, Berglund and Nels Swanson stroked singles. Smith was nicked for five hits in all. The single hit off Way was a one-bagger by John Pickard in

the fifth. Leonard VanDrese gave up nine hits from the Mead mound. John Derkos led Skinny's at the plate with a single, double and triple in three trips. Bill Carlson had two singles, Chum Derouin a double to set the pace. The game was called after five innings.

Indians Won The Toss
CLEVELAND (AP)—A flip of a coin at American League headquarters in Boston has given the Indians possession of fifth place in the 1963 standings. Actually Cleveland and Detroit tied for fifth.

List Final Leaders In Bowling Tourney

Individual leaders in each event withstood the final assault of keggers in the 19th Upper Peninsula Women's bowling tournament which came to a close at the Holiday Bowl last weekend.

The only change in the team leaders was made by Doran's Beverages of Canadian Soo,

rolling into fifth spot. In doubles, Barbara McLeod and Alice Isaacson of Sault Ste. Marie, Michigan, took over fourth place. There were no changes among the top 10 in the singles.

The final leaders, listed by tournament secretary Dorothy A. Briggs:

TEAM

Gregory's Gift & Office Supply, Menominee 2869
Tubby's "64" Club, Ontonagon, 2738

MANISTIQUE

New York Man Visits Jehovah Witness Group

Otto Kugler of New York is visiting this week with the Manistique congregation of Jehovah Witnesses. The meetings begin at 7:30 p. m., today with a theocratic ministry school and service meeting and Thursday evening a Bible study and a short talk by Mr. Kugler is planned. Saturday at 8 there will be a group discussion on Bible studies. A public address will be given at 2 p. m., Sunday.

Summer Band Plans Set

Joseph Giovannini, MHS band director announces registrations for the summer band program will be taken at the high school during the week June 8-12. He will be in the East Room each day during the week from 8 to 11:30 a. m. and from 1 to 3 p. m. to discuss the program with interested youngsters and their parents. A large starting class in all instruments is anticipated. To expand the instrumental program there is need for all instruments including flutes, clarinets, cornets, horns, trombones, saxophones, tubas and drums. Some used instruments are available, some on a rental basis. The school has a few large instruments.

Inland Loading Boats Lighter

Inland Lime and Stone Co. is loading boats to only a 23-foot draft this year, due to low water level on Lake Michigan. The inner harbor is dredged by Inland to 27 feet, but the approach to the harbor which has sand bottom, permits only 23-foot draft, for a 2-mile section.

Due to the water problem, Inland has taken pumps out of its pumphouse and placed them outside, with intakes set lower in the lake to operate sump pumps. This is the first time in the history of the company this has been necessary.

Lake Superior is reported least affected by low water. Other Great Lakes are reporting low water problems. Rainfall has been down in the past several years.

A. J. Cayia Jr., superintendent of Inland Lime and Stone Co. reported that in 1953 when he began work, there was a problem of high water. Army Corps of Engineers officials generally discount any theories of water level cycles, he said, and forecasts are made for six months periods only. These are quite accurate, he said.

Low water levels became a problem last year with depths quite low at the end of the shipping season. The problem is expected to worsen this year, as most of the runoff has occurred, with the result levels will be dropping again.

The larger boats loaded at Inland lose 1,000 tons cargo-carrying capacity for each one foot loss of draft. Thus with loadings at 23 instead of the desired 27 feet, 4,000 tons capacity is lost.

Pfc. Belleville Gets Citation

Pfc. James P. Belleville, son of Mr. and Mrs. Orla Belleville, 507 Garden Ave., has received a commendation for superior performance on duty as a radio operator and draftsman with headquarters for the 56th artillery, Schwabisch-Gmund, Germany. Belleville, who has been in service two years, received the award May 18. He is scheduled to arrive in New York May 28, after completing the tour. He studied two years at the former Minzinger Art School in Detroit, and is a graduate of Manistique High School.

In service from Nov. 18, 1962 to May 19, 1964, the award notes he not only served outstandingly as a radio operator, but displayed artistic talents by drawing and painting for the unit. On numerous occasions headquarters and other organizations requested his assistance in drafting for projects. In all cases his work received highest compliments, the certificate from Col. D. C. France noted.

Private Belleville is expected to arrive here about June 2.

Mrs. Wood's Father Dies

Mrs. Leon Wood, Manistique Heights, received word of the death of her father, George S. Richardson, May 20 in County Durham, England. He was born May 18, 1882 and married, October 6, 1912, the former Jane Walker. Besides his wife, he is survived by four daughters, two sons, 14 grandchildren and five great grandchildren. Mrs. Wood and her daughter, Valerie visited her parents in 1962 when they celebrated their wedding anniversary.

Redeemer Church Will Honor 'Grads'

The Church of the Redeemer, Presbyterian, will honor graduating seniors Sunday, May 31st. They will be recognized at Morning Worship and a reception will be held for them and their parents immediately following the service.

Graduates are Thomas J. Carlson, Bonnie Comfort, Robert S. Johnson, Ronald J. Johnson, Frederick J. Modders, Sue A. Olsen and Mply M. Orr.

Lorna Bjorkman Wins School Office

Word has been received from the dean of women of Davenport Institute, Grand Rapids, that Lorna Bjorkman, daughter of Mr. and Mrs. Ed Bjorkman, Gulliver has been elected treasurer of Sigma Iota Chi Academic Sorority for the coming year.

City Briefs

Miss Carol Handl and her cousin, Bill Ruddock, students at Northern Michigan University, spent the weekend with her parents, Mr. and Mrs. Joe Handl, Cooks, Mr. and Mrs. David Wood of Green Bay visited at the Handl home and with Mr. and Mrs. Norman Wood of Manistique.

ORDER TO ANSWER

File No. 204

Suit pending in the Circuit Court for the County of Delta, State of Michigan, on the 15th day of May, A. D. 1964.

On the 13th day of May, 1964, an action was filed by Virginia E. McMillan, Plaintiff, against Cecil L. McMillan, Defendant, in this Court to obtain a Judgment of Divorce.

It is hereby ORDERED, that the Defendant, Cecil L. McMillan, shall answer or take such other action as may be permitted by law, on or before the first day of July, 1964. Failure to comply with this Order will result in a Judgment by default against such Defendant for the relief demanded in the Complaint filed in this Court.
